<b>Brief outline of the course:</b> Predmet je zameraný na precvičovanie a upevňovanie vedomostí z morfológie a syntaxe angličtiny s cieľom ukázať súvislosti v gramatike ako celku. Predmet je určený študentom, ktorí často robia gramatické chyby v ústnom prejave ako aj v písomnom styku. Prostredníctvom rozboru textov, audio nahrávok, testov, gramatických cvičení, monologických a dialogických prejavov študentov zameraných na špecifické gramatické štruktúry sa individuálne aj skupinovo riešia problematické prípady. Dôraz sa kladie na vyvážený rozvoj gramatického myslenia v procese komunikácie, čo v konečnom dôsledku prispieva k rozvoju všetkých štyroch jazykových zručností.
