Prerequisites:	
Conditions for course completion: Attendance and Participation: You may miss one class without penalty. If you miss two or more, you will fail the course. This is a workshop class which depends upon you giving timely, useful feedback to your fellow students. If you come to class unprepared or skate through peer reviews with banal and obvious comments, I will lower your grade by one letter. Drafts, Deadlines, and Late Work: Your work will be read and critiqued by your classmates, so please make your drafts as complete as possible and come prepared for a lively discussion. Late work will not be accepted. If any assignment, draft, or paper is late, you will fail the course. If you cannot attend a class when an assignment is due, you must email the assignment before the deadline. Continuous Assessment: You will write two short papers, a draft, and one long paper of at least ten pages. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and R&D. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. Any paper not properly documented will receive an FX overall. You will also extensively edit and critique your classmates' work. Editing will be worth 60%. There will be no final exam. It breaks down like this: Paper 1 10% A 93-100% Paper 2 10% B 86-92% 3 Edits 60% C 78-85% Final 20% D 72-77% E 65-71%	
Learning outcomes: To improve students' research and analytical skills and clarify the conventions of academic discourse with special emphasis on critical analysis and editing.
