Conditions for course completion: Active and continuous participation is required. Students should read the assigned readings and come to classes prepared. Students are allowed to miss no more than two sessions. If you have missed more than two classes, you will not be allowed to continue the course and take the exam. There will be two tests taking during the semester. The mid-term test will cover topics 1-6, the end-of-term test will cover topics 7-11. Each student will need to get a combined score of no less than 65 points in order to be allowed to take the oral exam. The instructor will also be taking attendance every week. Any students deemed unprepared will be marked as absent. The maximum number of absences allowed is 2 per semester. Any student who fails to achieve the required minimum of 65 points on the mid-term and end-of-term test has failed the class. For the rest of the students, the final assessment will be determined solely by their score during the oral exam. The exam will be taken during the exam period (Jan-Feb). Two retakes are possible; the most recent score always counts. The instructor will post exam dates in the AIS at the beginning of December and students will sign up for the exam well in advance in the AIS. Any registration changes have to be performed no less than 24 hours before the exam takes place. The grading scale is A [100-93], B [92-86], C [85-78], D [77-72], E [71-65], FX [64-0].	
Learning outcomes: The course is intended as an introductory course for American Studies undergraduate students to provide an introduction to some of the central themes that have organized American culture from its very discovery. We will meet some of the key figures in American history, and look at how they think about their nation in a variety of different modes, from fiction, to sermons, to poetry, and film. These writers and thinkers, from a number of different racial, ethnic, class, and gender positions, will tell us stories about the key moments in American history, its triumphs and its shames, and the continuities between its past, present, and future. The focus will be on reading a large number of short pieces and selections from longer works rather than complete books in order to generate a wide-ranging knowledge of American culture.

Conditions for course completion: Attendance and Participation: You may miss two classes without penalty. You will fail the course if you miss more than two classes or are late more than three times. Hopefully, you'll be eager to come and eager to speak up in class. If, however, you attend but are consistently mute and mysterious, I will lower your grade by one letter. Drafts, Deadlines, and Late Work: Throughout the course, I will encourage you to write multiple drafts of each paper. Writing multiple drafts will improve your writing and take some of the stress out of the final deadline. Ideally, you will have a first draft well before the deadline, so you should always be able to get something in on time. If a paper or draft is late, you may email it to me anytime, but I will reduce the grade by one letter per day. You must complete all of the assignments in order to pass. Continuous Assessment: You will write two, one page papers, a three page paper, and a six page final paper. There will also be occasional quizzes which will be worth ten percent of your grade. Assignment descriptions are posted on ffweb. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and Documentation. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. There is no final exam. If you arrange with the tutor in advance not to attend a class session, you will be expected to submit any assignment on the subsequent session. The first credit test will take place on the 6th week. The second credit test will take place on the 12th week. The pass level is 65 points from the two tests together. The tests will include grammar, reading and vocabulary exercises similar to those done during the seminar sessions. There will be NO RETAKE TEST. The final result is calculated according to the following formula: $(1st\ CREDIT\ TEST) + (2nd\ CREDIT\ TEST) = FINAL\ MARK$ A 100 - 93 B 92 - 86 C 85 - 78 D 77 - 72 E 71 - 65 FX 64 - 0 ONLY THOSE STUDENTS ARE ALLOWED TO REGISTER FOR THE ORAL EXAM WHO GAINED AT LEAST 65 POINTS FROM THE TWO CREDIT TESTS TOTAL! The course concludes with an oral exam where a special emphasis is placed on fluency, range of ACADEMIC vocabulary, precise use of English idioms and collocations in academic context, and the presentation and communication skills of the students. The exam consists of two parts:	

<p>1. After a short period of preparation (1-2 minutes) the student is required to speak about one of the discussed course TOPICS for approximately 10 minutes. The topics are randomly selected.</p> <p>2. The students are required to lead an academic discussion with the examiner about a selected topic and must be able to answer questions, explain, quote, give examples and present other speaking skills for approximately 10 minutes.</p> <p>Passing the oral exam the student can gain 100 points total:</p> <ul style="list-style-type: none"> • 25 points for FLUENCY AND ABILITY TO SPONTANEOUSLY REACT • 25 points for CORRECT GRAMMAR AND USE OF ENGLISH • 25 points for RANGE OF VOCABULARY (ACADEMIC EXPRESSIONS, COLLOCATIONS) • 25 points for PRONUNCIATION, VOICE AND PRESENTATION SKILLS <p>The final mark is calculated according to the:</p> <ul style="list-style-type: none"> • student's test results: 50% • plus the oral exam results 50%. <p>Example: 68 (test points) + 70 (exam points) = 138, E</p> <p>A: 200 – 185</p> <p>B: 184 – 171</p> <p>C: 170 – 155</p> <p>D: 154 – 143</p> <p>E: 142 – 129</p> <p>FX: 128 – 0</p>
<p>Learning outcomes:</p> <p>This course is an upper-intermediate practicum for developing speaking skills. The objective of the course is to prepare students for a successful BA and MA thesis defence. The course is designed to help students practise delivering prepared formal speeches to an audience; practise conversing formally and spontaneously in a group setting using academic English; learn how to converse across cultures both practically and philosophically; and review and learn grammar, pronunciation, and vocabulary relevant to needs of an academic English speaker. The course is designed to develop and improve essential language skills at upper-intermediate level and increase students' language competence with a special focus on use of academic language. The course introduces various academic topics and presents language functions, familiarises students with new vocabulary, and provides systematic practice of idioms and collocations.</p>
<p>Brief outline of the course:</p> <p>During the sessions students present speeches on academic topics which are subsequently discussed within the group. Each presentation is supposed to be 10 minutes long and must be produced without using PowerPoint or similar presentation tools. The aim is to develop presentation skills and speaking skills simultaneously. Different language functions are emphasized within each topic and are supposed to be incorporated in presentations. Language functions are practised in the form of tests as well.</p>

There will be no retake. Pass level 65% from both tests together is a precondition for being admitted to final exam test. Students are expected to attend each seminar according to the schedule. More than two unexcused absences are not acceptable (extreme situations aside), making the third unexcused absence an automatic failure for the course. Oral exam = 100%	
Learning outcomes: To introduce fundamental concepts of linguistic morphology. The course concentrates on the study of the internal structure of words and their relationship to one another. It also examines the interface between morphology and other linguistic disciplines.	
Brief outline of the course: 1. Theory of sign (Saussure, Peirce, Horecký, Ogden & Richards) 2. Basic terminology. Units of morphology, allomorphs and allomorphy, free and bound morphemes, stem, root, diamorph, paradigm, prefix, suffix, infix, interfix (empty morph), circumfix, transfix, clitic (proclitic and enclitic), cranberry morph, suppletion; cumulative exponence, extended exponence, syncretism, zero morpheme, empty morph, replacement morphs apophony, combining forms, phonosteme 2. The scope of morphology. Criteria for the distinction between inflectional morphology and derivational morphology 3. Morphology vs. syntax 4. Morphology/phonology interface Allomorphy, assimilation and types of assimilation (labial assimilation, voicing assimilation, total assimilation), replacement by weakening or strengthening (T-lenition, palatalization and affrication, D-lenition; vocalization); vowel replacement; Deletion rules (consonant deletion – S-drop, X-drop, N-drop, Vowel deletion (V-drop in hiatus, syllable syncopation; expansion rules (U-euphony and P-euphony).
