Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 0 / 2 Per study period: 0 / 28 Course method: present	
Number of credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Attendance and Participation: You may miss one class without penalty. If you miss two or more, you will fail the course. If you are repeatedly late, you will not be allowed to complete the course. You are expected to contribute to the class discussion and to provide insightful comments on the readings and on your classmates' work. I will lower your grade by one letter if you are consistently silent, disengaged, or unprepared. Drafts, Deadlines, and Late Work: Throughout the course, I will encourage you to write multiple drafts of each paper. Writing multiple drafts will improve your writing and take some of the stress out of the final deadline. Ideally, you will have a well developed rough draft well before the deadline, so you should always be able to get something in. Your work will be read and critiqued by your fellow classmates, so please make your drafts as complete as possible and come prepared for a lively discussion. Late work will not be accepted. If any draft or paper is late, you will fail the entire course. Continuous Assessment: You will write two short papers, three pages each, and one long paper of at least eight pages. A page means approximately 330 words. Assignment descriptions are posted on ffweb. The final paper may be a revision of one of the short papers. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and Documentation. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. Any paper not properly documented will receive an FX overall. It breaks down like this: Paper 1 25% A 93-100% Paper 2 25% B 86-92% Paper 3 50% C 78-85% D 72-77% E 65-71%	
Learning outcomes: To teach grammatical and rhetorical forms, improve students' research and analytical skills, and clarify the conventions of academic discourse with special emphasis on developing a thesis which is complex enough to sustain a graduate level paper.
