Course level: II.	
Prerequisites:	
Conditions for course completion: Assessment of individual stages of diploma thesis preparation in the academic year 2014-2015 at the Department of Social Work, Faculty of Arts, Pavol Jozef Šafárik University in Košice: 1. Assessment of the subject called "Diploma Thesis Seminar" – with output being the final version of the project of diploma thesis in written form as well in its oral presentation in the seminar – December 2014. Entry to AIS is made by prof. Žiaková, students in charge together with their thesis advisors. During the seminar prof. Žiaková will inform students about the requirements and time schedule of preparation of bachelor thesis. Assessment is given in the form: attended/not attended. 2. Assessment of a written form of the diploma thesis – in charge: individual advisors and consultants and appointed opponents with the rating from A to FX. Entry to AIS is made by both consultants and opponents. 3. Test of originality received by each student and consultant in AIS, which is inevitable when assessing whether the student has worked independently. 4. Assessment of the defence of the diploma thesis at state final examinations. It is assessed by the board of the state final examination appointed by the Dean of the Faculty of Arts of Pavol Jozef Šafárik University. The final rating of the diploma thesis represents a summary of all its assessments in the course of the academic year. Final test Assessment: attended	
Learning outcomes: Students will learn the principles of preparation of final thesis on Magister level, its presentation, and defence.	
Brief outline of the course: 1. Characteristics of diploma thesis, scope 2. Guidelines of the department 3. Scientific character of thesis 4. Selection of thesis and types of expressing 5. Distance and immediate preparation 6. Quantitative and qualitative research, determination of hypotheses	

7. Working with SPSS statistical program 8. Structure of thesis 9. Quotation, paraphrase, plagiarism 10. Bibliographic references 11. Originality Verification Protocol, level of similarity 12. Presentation and defence of thesis

COURSE INFORMATION LETTER

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KSP/ PaPvSP/15	Course name: Planning and Projection in Social Work
Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 1 / 1 Per study period: 14 / 14 Course method: present	
Number of credits: 4	
Recommended semester/trimester of the course: 5.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Continuous assessment (e.g. test, individual work...): - Active participation in exercises – 10 points - Project – 30 points A student must obtain at least 21 points to be allowed to take an exam. Final assessment (e.g. exam, final paper,...): - Written exam – 60 points Students can obtain 100 points at most (40 points credit + 60 points exam).	
Learning outcomes:	
Brief outline of the course: 1. Plans and planning Definition of basic terms, setting of targets, pros and cons of planning. 2. Types of plans, planning process, forecasting. 3. SWOT analysis as a planning tool. 4. Projecting and project management. Definition of basic terms, basic characteristics of project, world-wide organisations covering the issue of project management. 5. Organisational management of projects. Organizational aspects of project management, Models of organizational structures for project management. 6. Project team, managerial and communication skills in project management. Project team, project hierarchy, project manager, managerial roles and competencies. 7. Leadership and communication in project management. 8. Project preparation and planning. Principles of projecting, project planning process and creation of project plan. 9. Time planning and schedule I Time planning, schedule, Gantt chart. 10. Time planning and schedule II Methods of network analysis, critical path method. 11. Human resources planning.	

12. Cost planning and budgets.

13. Risk planning, project management and control.

Exercises in winter semester 2013/14

1. Introductory exercise.

Presentation of conditions which students must meet to be awarded a credit.

Practical experience with planning in common life. How to apply elements of planning in personal life.

Methods: presentation, working in pairs and discussion.

2. Objectives as a part of planning.

Formulation and evaluation of objectives, relations between objectives.

Method: case study – work in groups, discussion.

3. Forecasting and alternatives of plans as a part of planning process.

Forecasting, creation and evaluation of plan alternatives.

Method: case study and work in groups, discussion.

4. SWOT analysis.

Method: case study and working in pairs, discussion.

5. Practical preparation of social work project I.

Getting familiar with supporting institutions in social work projects, information about the semester assignment project.

Method: presentation, discussion.

6. Practical preparation of social work project II.

Identification of applicant for non-repayable financial contribution.

Method: work in groups, discussion.

7. Practical preparation of social work project III.

Production of SWOT analysis.

Method: work in groups, discussion.

8. Project and project management IV.

Reasoning, project objectives and target groups.

Method: work in groups, discussion.

9. Project and project management V.

Activities to accomplish the objectives, Gantt chart.

Method: work in groups, discussion.

10. Project and project management VI.

Project finalization.

Method: work in groups, discussion.

11. Presentation of projects I.

Presentation of individual projects and their evaluation.

Method: presentations, discussion.

12. Presentation of projects II.

Presentation of individual projects and their evaluation.

Method: presentations, discussion.

13. Communication as a part of project management.

Verbal and non-verbal communication.

Method: case study solved in pairs, discussion.

COURSE INFORMATION LETTER

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KSP/ PSOSP/08	Course name: Psychology of Personality for Social Work
Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 2 / 2 Per study period: 28 / 28 Course method: present	
Number of credits: 5	
Recommended semester/trimester of the course: 2.	
Course level: I., II.	
Prerequisites:	
Conditions for course completion: Assessment Maximum 40 points during the semester. Two assignments in total: 20 points Week 11 – a written test during the lecture consisting of lecture topics related to Psychology of Personality – 24th April 2014 at 3:20 PM (10 questions, 1 question: 0-2 points) Exam entry criteria: Active participation in exercises and at least 30 points obtained during the semester.	
Learning outcomes: To present selected theories of personality and introduce main ideas of individual theorists of Psychology of Personality to students. To acquaint students with content analysis of personality. To present possibilities of application of knowledge related to personality psychology in social work.	
Brief outline of the course: <ol style="list-style-type: none"> 1. Personality as a topic of psychology. 2. Focus on psychodynamic strengths: Classical psychoanalysis, personality as hierarchic arrangement of functionally differentiated layers in Sigmund Freud's theory. Current psychoanalytical theory (ego as an equal partner/A. Freud, autonomous ego/H. Hartmann, need for ego-competence/R. W. White. E. H. Erikson). 3. Focus on psychodynamic strengths: Analytical psychology (C. G. Jung/ features of personality, dynamics, and development of personality). 4. Interpersonal dynamics (A. Adler, K. Horney, E. Fromm, H. S. Sullivan) 5. Focus on human experience: Holism and humanism (Kurt Goldstein, A. Maslow, C. Rogers theory of Self, dynamics, development of personality. Critics of humanistic approach. 6. Focus on human experience: Phenomenology and existential psychology (the main points of existentialism, shaping psychology, phenomenological approach to personality, phenomenal self). Logotherapy (Freedom of will, will to meaning, meaning of life, existential vacuum). 7. Cognitive theory of personality of G. A. Kelly. Emphasis on permanent characteristics: Personology. Structure and dynamics of personality by G. Allport. Emphasis on permanent characteristics: Constitutional psychology. 	

8.-9. Structural analysis of personality, concept of personal features. Modern theories of temperament (Theories based on the research of child and adult population), new approaches to examination of features of personality /five-factor model of personality.
10. Focus on learning and environment.

Course ID: KSP/ MASR/15	Course name: Social and Religious Aspects of Marriage
Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 2 / 0 Per study period: 28 / 0 Course method: present	
Number of credits: 4	
Recommended semester/trimester of the course: 7.	
Course level: II.	
Prerequisites:	
Conditions for course completion:	
Learning outcomes: Students will become familiar with social, legal and religious aspects of marriage, which makes them able to understand the marriage in a comprehensive way. The relationship as a psychological issue transforms into a contract which in the civil law is understood as dissolvable, however, it is considered the sacrament from the religious point of view. The future social worker will learn how to distinguish between civil divorce and ecclesiastical nullity, which want to heal unsuccessful marriages.	
Brief outline of the course: <ol style="list-style-type: none"> 1. Social transformations and marriage 2. Natural establishment and biblical concept 3. Fundamental elements and features 4. Marriage contract 5. Sacrament of marriage 6. Consent and its features 7. Defects of consent 8. Impediments to marriage 9. Process of nullity 10. Effects of declaration of nullity.
