COURSE INFORMATION LETTER

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ USCU/09	Course name: Contemporary USA
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 15% of the final mark: Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week. Content requirements for the assignment:	

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format.

No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

Learning outcomes:

This graduate course provides an overview of contemporary american culture. The students will be able to understand areas of knowledge connected with politics, high and popular art, foreign and domestic american politics, the role of the USA in international business, aspects of class, ethnicity, religion and areas of science, research and development. The students are lead to critical thinking and have to use analysis, synthesis and evaluative methods during their work.

Prerequisites:	
Conditions for course completion: The preliminary assessment shall be based on the results of independent work of student on computers for a number of sub-assignments (course and evaluation of own inquiry activity, didactical quiz, interactive modelling applet, inquiry-based worksheet with tasks and questions). In final exam students will demonstrate an overview of the theoretical knowledge in the field of computer science education in written form and they will present and defend their own educational project for the chosen topic of the computer science (containing objectives, system of tasks with increasing complexity, tasks solutions and methodological commentaries and didactical quiz).	
Learning outcomes: 1. For the chosen topic of school informatics create didactic quiz, inquiry-based worksheet with tasks and questions, implement and evaluate own inquiry activity. 2. To create an interactive model for the chosen natural phenomenon or computer science concept. 3. To create a lesson preparation using modern teaching methods and aids, to implement it in practice and evaluate.	
Brief outline of the course: Teaching paradigms. Inquiry based computer science education. Process of creating concepts in computer science. Assessment of learning objectives of pupils, didactical quizzes. Programming teaching (paradigms, environments, data types, commands, variables). Specifics of computer arithmetics. Mathematical modelling and simulation. Methodology of teaching selected topics of computer science (multimedia, internet). Computer science competitions.

Course level: II.	
Prerequisites:	
Conditions for course completion: Attendance and participation – 20% Students are required to attend classes, bring their own materials as instructed by the lecturer, and actively participate/react to discussions and questions. If a screening of a documentary is scheduled for the week, students are still required to attend. Missing three or more classes will result in an FX. Presentation – 40% Students will demonstrate their knowledge in short presentations in Week 9 and Week 10. Each student can choose their own topic for the presentation, based on the contemporary issues in the media (news, magazines, sitcoms, films, music...) relating to gender identity, sexuality, etc. Each presentation should be 5-7 minutes long, and analyze the chosen examples of popular culture, i.e. be as specific as possible (i.e. not 'women face a lot of issues in the media' but 'I have found that many music videos, as shown in these two examples, objectify female bodies in X and Y ways'). The topics and dates for your presentations have to be approved by the teacher via e-mail by the end of Week 7. Written exam – 40% The exam will take place in Week 11.	
Learning outcomes: This is a graduate course designed to examine basic issues in contemporary gender studies. Student will learn about different concepts of gender identities as well as key concepts of feminism and gender. Furthermore, students will come across basic concepts of queer theory. This course will also examine the interconnectedness of gender and law, religion and contemporary culture.

Prerequisites:	
Conditions for course completion: Assessment and evaluation: Attendance: Students are expected to attend each class according to the schedule. No transfers among the groups are allowed. Should students miss three or more classes, they will not receive credits for the course no matter what their overall results are. Continuous assessment: Students are expected and politely required to actively participate in each lesson (active participation = participation in discussions based on having read the required texts and watched the required films). Each student needs to prepare notes from reading and/or film assignments (more will be explained by the instructor) on a weekly basis, and an essay (analysis) on a topic chosen by the lecturer. Should students fail to provide either of the two compulsory parts, they will not receive credits. Final assessment: Final grade will be calculated as a sum of score for assignment(s) - weekly assignments (50%), essay (50%). (No assignment, plagiarism and other unacceptable practices will be awarded 0 points.) FINAL EVALUATION: A 93-100% B 86-92% C 78-85% D 72-77% E 65-71% FX 64 and less	
Learning outcomes: The course is designed to instruct students in the art of cinematic discourse and provide them with a set of information that will help them develop and/or improve essential analytical skills in interpreting contemporary American cinema. It also invites students to participate more judiciously in the analysis of American cinema with the intention to enable them question their own role as passive spectators and increase their ability to watch films actively and critically. Course content:	

In this course we will examine major issues in film theory and contemporary approaches to understanding film. Since the 1970s, scholars have developed a variety of critical methods for the study of media texts, and this course focuses on the most viable ones to provide students with tools necessary to interpret films as socio-cultural and ideological productions.

Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 3.	
Course level: II.	
Prerequisites:	
Conditions for course completion: The course is taught by two teachers. PhDr. Stefan Franko, PhD. teaches this course to interpreters and translators, for whom it is compulsory. Mgr. Ester Demjanová, PhD. teaches the course to other students (BAS and BAS in combination, GS) who may choose it as an elective course. Transfers between groups are not possible. All students must be signed up for the correct sessions and attend the lessons assigned to them as the content of the lessons varies. Different evaluation conditions apply to individual groups. For seminars with Mgr. Demjanová: Continuous assessment consists of 3 parts: - theoretical test (30 %), - one-time interpreting performance (30 %), - practical exam (40 %), To complete the course successfully, evaluation better than Fx is required from each of the three parts. Grading scale: 100%-92% A 91%-87% B 86%-82% C 81%-77% D 76%-65% E 64% and less FX	
Learning outcomes: Familiarize students with interpreting as such, types and genres of interpreting, interpreting strategies, rhetorical principles, praxeology and ethics of interpreting.	
Brief outline of the course: For seminars with Mgr. Demjanová, PhD.: 1. introductory lesson: objectives and conditions of the course 2. theoretical part: introduction to interpreting, interpreter's rules and credo, genres and types of interpreting practical part: exercises – Slovak language, presentation, interpretation in booths	

3. theoretical part: types of interpreting practical part: multitasking (games and exercises), list interpreting, interpreting in booths
4. theoretical part: revision, interpreting strategies practical part: booth interpreting, rephrasing and anticipation (games and exercises)
5. theoretical part: praxeology practical part: rewording (multiple rewording, deverbalization, dubbing) and self-monitoring (games and exercises), interpreting in booths
6. test - theoretical part

Notes:

For seminars with Mgr. Demjanová, PhD.:

The language of the course is Slovak. Students are expected to have a very good English language competence, lack of such competence will not be excused when evaluating student's interpreting and will have an effect on the final assessment. The course is not recommended to the first-year students, since a very high command of English on the C1+ level is required. The course is recommended to those students who have attended consecutive interpreting courses during their bachelor studies.

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ CERTb/15	Course name: Language Competences for Language Certificates
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: combined, present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 1., 3.	
Course level: I., II., N	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 15% of the final mark: Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week. Content requirements for the assignment:	

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format.

No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

Learning outcomes:

This is an upper-intermediate practicum for obtaining and developing necessary skills for international language certificates of TOEFL and TOEIC. Learners develop listening, speaking, reading and writing skills through practice and understand grammar through a wide variety of topics related to language testing.

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ ACW1m/15	Course name: Language Skills - Academic Writing
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Attendance and Participation: You may miss one class without penalty. If you miss two or more, you will fail the course. If you are repeatedly late, you will not be allowed to complete the course. You are expected to contribute to the class discussion and to provide insightful comments on the readings and on your classmates' work. I will lower your grade by one letter if you are consistently silent, disengaged, or unprepared. Drafts, Deadlines, and Late Work: Throughout the course, I will encourage you to write multiple drafts of each paper. Writing multiple drafts will improve your writing and take some of the stress out of the final deadline. Ideally, you will have a well developed rough draft well before the deadline, so you should always be able to get something in. Your work will be read and critiqued by your fellow classmates, so please make your drafts as complete as possible and come prepared for a lively discussion. Late work will not be accepted. If any draft or paper is late, you will fail the entire course. Continuous Assessment: You will write two short papers, three pages each, and one long paper of at least eight pages. A page means approximately 330 words. Assignment descriptions are posted on ffweb. The final paper may be a revision of one of the short papers. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and Documentation. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. Any paper not properly documented will receive an FX overall. It breaks down like this: Paper 1 25% A 93-100% Paper 2 25% B 86-92% Paper 3 50% C 78-85% D 72-77% E 65-71%	
Learning outcomes: To teach grammatical and rhetorical forms, improve students' research and analytical skills, and clarify the conventions of academic discourse with special emphasis on developing a thesis which is complex enough to sustain a graduate level paper.

Course ID: KAaA/ DIAJmu1/15	Course name: Methodology of English Language Teaching 1
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 15% of the final mark: Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week. Content requirements for the assignment:	

<p>Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.</p> <p>Deadline and the format of the report:</p> <p>Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats will be accepted!</p> <p>ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:</p> <p>All students must attend all classes. Students must arrive on time for the classes. COURSE INFORMATION LETTER

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/DIAJmu2/15	Course name: Methodology of English Language Teaching 2
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 2.	
Course level: II.	
Prerequisites: KAaA/DIAJmu1/15	
Conditions for course completion: Student evaluation is based on three criteria: TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 15% of the final mark: Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week. Content requirements for the assignment:	

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format.

No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

Learning outcomes:

The course is designed to help students understand and use the concepts of didactics and connect the knowledge of this subject area with the problems of teaching English as a foreign language. The students will obtain a general overview of didactics and the special characteristics of language teaching.

Brief outline of the course:

1. Introduction
2. Exploring One's Own Instruction, Sustaining Professionalism
3. Formative and Alternative Assessment, Large Scale Assessment, Program Evaluation
4. Theories of Learning, An Introduction into Second Language Acquisition, Second Language Acquisition and Second Language Pedagogy, Learning Theories in the Classroom
5. Integrating Language and Content, An Introduction into Methods of Teaching English as a Foreign Language
6. Grammar Translation Method and Audiolingual Method
7. Cognitive Approach and Total Physical Response
8. Natural Approach and Communicative Language Teaching

9. TPR Storytelling and Content-Based Instruction

10. Task-Based Instruction and Lexical Approach

Course level: I., II.	
Prerequisites:	
Conditions for course completion: test 30 points active participation 10 points project (development of mathematical model, videomeasurement and physical experiment) 60 points The final assessment is based on the sum of partial results	
Learning outcomes: After the course student gains an overview about the possible use of digital technologies to support active learning in science. He gains skills to use and develop activities on measuring data with the help of datalogging, measuring on picture and viderecording and modeling natural processes. Student is able to implement such activities in science teaching to support active learning and conceptual understanding.	
Brief outline of the course: The aim of the course is to present the use of digital technologies to enhance active learning in science with the help of datalogging, videomeasurement and modeling tools. Mathematical modeling is based on dynamical modeling of natural phenomena. Within the course students carry out computer-based experiments, videomeasurements and measurement on picture and create corresponding models. The activities involve selected topics of secondary schools science. The emphasize is put on the methods of implementation of the activities with regard to active students ' learning.

Conditions for course completion: Attendance - students are expected to attend each class according to schedule. No transfers among the groups are allowed. Should the student miss three or more classes, he/she will not receive credits for the course no matter what his/her overall results are on the tests. The student must be on time for class or he/she will be marked as absent. Continuous assessment: Students are expected and required to actively participate in each lesson (active participation = participation in discussions based on having read the required texts) and to present work required by the lecturer. Should students fail to meet the requirements (two presentations), they will not receive credits. Students are required to read all texts given by the lecturer in order to participate in discussions - if they fail to participate in discussions they will be marked absent. Final assessment: The final grade will be calculated as a sum of grades from two presentations (80%) plus the active participation (20%) FINAL EVALUATION : A 93-100% B 86-92% C 78-85% D 72-77% E 65-71% FX 64 and less	
Learning outcomes: The main objective of the course is to develop and improve essential analytical skills in dealing with translation of documentary films and to acquire knowledge of the basic techniques and methods when dealing with problems of such translation.	
Brief outline of the course: The course introduces essential issues, terms and theory that help to overcome the basic problems when translating documentary films. Focus is on theoretical knowledge as well as practical exercises during which students acquire familiarity and basic skills in translating documentary films. Audiovisual translation needs specific approach when encountering problems that are	

specific for such translation, and requires theoretical knowledge of theory of documentary films as well.

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ PREUm/15	Course name: Translation of EU texts
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 2.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Two credit tests are intended for weeks 7 and 13. The date of the test may change, and the students will be notified about the change sufficiently in advance. The tests will verify students' knowledge of materials covered during seminars and assigned for home preparation. In order to pass the subject, the sum of the scores from the two tests must be at least 65%. A student cannot pass or fail a single test, what matters is the final score after they have taken both. There will not be any re-take tests. Regular seminar attendance is expected; more than two absences will adversely affect getting credit and final grade, no matter what student's overall test results are. Students are required to do their best with respect to active participation in seminar sessions. They are expected to bring their own copies of the required materials and complete the assigned tasks and exercises. Should they fail to bring their own copy or a completed home assignment for a particular seminar, they will be marked as absent. In case of any questions regarding the subject, please contact the instructor: veronika.babjakova@student.upjs.sk The grading standards establish the following criteria for evaluation: 100%-92% A 91%-87% B 86%-82% C 81%-77% D 76%-65% E 64% and less FX	
Learning outcomes: The subject is aimed to work with EU legal texts in order to introduce terminological registers, basic translation methods and techniques and various stylistic layers of the texts.
