Active participation, completed homework assignments: (30% of final grade) Students are required to do their best with respect to active participation in seminar sessions. Students are expected to bring their own ANNOTATED copies of the required materials, complete the assigned tasks and exercises and participate in class discussions. Students are required to work with Moodle and download the required materials from there. Every student is responsible for their access of the system and should be able to log into Moodle no later than by WEEK 3. Students may at any point during the semester ask about their current score in active participation and may ask for extra assignments if unable to speak in the class.<br>2. Presentation: (50% of final grade) Students will be asked to give a group presentation which will aim to compare and contrast a chosen text by a American author and its movie adaptation. All the requirements for the presentation will be specified during the introductory class and a sample presentation will be given as well. Students must NOT read their presentations, but must be ready to speak in their own words. Each member of the group will receive the same number of points, so students are advised to cooperate closely. Students are to prepare discussion points for their fellow colleagues.<br>4. A quick terminology test (20% of final grade) will be taken via Moodle and will check students' ability to understand literary and film terms. These terms are essential for our in-class discussions and presentations.<br>EXTRAMURAL STUDENTS:<br>Students are expected to attend all classes and to view all required films and scenes, to be punctual and attentive, and to participate vigorously but politely in discussions of films and readings. | <p><b>Výsledky vzdelávania:</b></p> <p>This course is designed to help students find enjoyment in (American) literature and to offer a different view on the popular texts by American authors. The course aims at comparing chosen American literary texts and their various adaptations and in doing so unveils the cultural background of both the original and the adaptation. | <b>Stručná osnova predmetu:</b><br>Cieľom štátnej skúšky je preukázať znalosti v odbore. Študent musí dokázať všeobecné znalosti z čiastkových oblastí odboru. Zároveň musí preukázať, že jeho vedomosti vo vybranej oblasti zodpovedajú hlbšiemu záujmu o vybranú problematiku a teda presahujú štandardný obsah a rozsah predmetov daného stupňa štúdia. Predseda štátnicovej komisie, garant študijného programu, resp. garant pre príslušnú oblasť stanoví študentovi literatúru, ktorú je nutné pre potreby štátnej skúšky naštudovať. |       |                                                  |       |       |     |

| <b>Stručná osnova predmetu:</b><br>Cieľom štátnej skúšky je preukázať znalosti v odbore. Študent musí dokázať všeobecné znalosti z čiastkových oblastí odboru. Zároveň musí preukázať, že jeho vedomosti vo vybranej oblasti zodpovedajú hlbšiemu záujmu o vybranú problematiku a teda presahujú štandardný obsah a rozsah predmetov daného stupňa štúdia. Predseda štátnicovej komisie, garant študijného programu, resp. garant pre príslušnú oblasť stanoví študentovi literatúru, ktorú je nutné pre potreby štátnej skúšky naštudovať. |       |                                                  |       |      |      |

Students who are late will be marked as absent. Voluntary discussion contributions will be highly appreciated. Unannounced quizzes may occasionally be given to check your class prep. Any student deemed unprepared will be asked to leave the class and will be marked as absent. Please bear in mind that the classes will be enhanced by intelligent participation in class discussions and hurt by visible lack of preparation for the class. No retakes are possible. Readings for each class will be provided by the lecturer (Martausova). Presentation followed by a short essay will comprise 30% of your assessment. You will be asked to give a 12-15-minute presentation on a work of art. You will write an essay based on the presentation and the ensuing discussion. Your essay is to be 4-5 pages in length (Times New Roman, font 12, double-spaced). The essay will be due one week after your class presentation. More details forthcoming.<br>Written Test – 70% The test will consist of several parts. Questions will be based on the readings, lectures, and class discussions.<br>UK ART AND CULTURE (50% of the grade)<br>COVID - 19 UPDATE = Continuous assessment for UK part cancelled, all students will take ONLINE exam<br>Continuous Assessment:<br>• Regular Class Attendance<br>Students are allowed to miss no more than 2 seminars for whatever reason, in order to be able to complete the course. Should anyone come unprepared, he or she will be asked to leave and considered absent from the seminar. There are no re-takes for presentations. Please keep this in mind and make sure you are always present in class when your presentation is due.<br>• Active Participation in Class - 10+ points (1 for each class = a chance to earn some additional points) = 10%<br>At the beginning of each seminar, students will be asked to provide a brief revision of the given historical period and of the English/British literature of the time. All you have to do is go through your notes from British History 1 and British Literature 1 and 2 and provide a concise overview, focusing on what you consider important. |                                                                                                           |

Another way of earning points for active participation is by contributing your knowledge and opinions to the discussion and interacting with your colleagues. These opinions should be based on your home preparation and reading.

Do not expect to earn points for active presentation if all you do is say a word or two occasionally or when asked. You are expected to interact with your colleagues, answer their questions as well as those asked by the teacher and ask relevant questions yourself.

- Reading presentation and leading discussion - 10 points = 10%(reading comprehension, summarizing and paraphrasing, manner of delivery, language, questions and discussion - each worth 2 points)

This presentation will focus on the reading assigned for home preparation to all the students. One person will, however, summarise the arguments of the article, chapter etc., present the main points, terminology, compare if there is anything to compare. Another part of this presentation will be leading the class debate, which means preparing some questions for your colleagues to discuss. This means avoiding simple yes/no questions or asking about trivia. Please remember that this is not a 'presentation' that requires you to stand in front of the classroom and run a power point presentation. You are expected to explain the text, to check your colleagues' understanding by asking them relevant questions and to engage them in a discussion.

All the reading materials will be provided by the lecturer (Dr. Sabovikova).

- Final Presentation - 30 points (see the document entitled "Final presentation and evaluation" for detailed instructions) = 30%

Each student will choose their own topic from the very broad area of British art and culture – a painting, statue, installation, building, monument, street art, photography etc. Please, make sure you choose something you like, find interesting and would like your colleagues to know about. Do not choose the works discussed in our seminars! You will be asked to apply the historical background and the theoretical information you have studied during the semester to the analysis of your chosen work of art and present it to your colleagues in a 10 minute presentation. All the topics must be approved by the teacher and submitted no later than during our seminar in week 7.

A specific set of rules to follow and a list of criteria for presentation evaluation is available on ffweb for you to be able to prepare a successful presentation and to evaluate your colleagues. If you have any questions, do not hesitate to ask them in class or during my office hours.

**FINAL ASSESSMENT:**

To qualify for the final exam all students must receive minimum 65% of continuous assessment from each of the two parts separately.

There will be a final written exam taken during the examination period consisting of two tests, one covering UK Art and Culture part ( 50 % of the final grade) and the other one covering American studies part ( 50 % of the final grade). In order to be awarded final credits, each student must receive 65% minimum from the two tests combined.

Every student is entitled to 2 retakes if necessary, which means 3 chances for passing the exam.

The final grade for the course will be based on the following grading scale.

A 93-100%

B 86-92%

C 78-85%

D 72-77%

E 65-71%

FX 64 and less.

Should you have any questions on the above explained forms of assessment, address them to your individual lecturer at the beginning of the semester.

#### Aims and objectives:

The aim of this course is to develop and improve essential analytical skills in dealing with American culture and art, and to acquire knowledge of historical development of the Fine Arts in USA. The course is designed to provide students with information about the most vital eras important in the overall development of a distinctive American tradition in Arts, and to enhance students' very own interpretation of individual works of art. The course embraces eras and periods starting from Colonial America until late 20th century, focusing on both - mainstream and ethnic traditions, and all means of artistic production (visual art as well as audiovisual art of the 20th century). The main objective of the course is to present information about the development of art in coherence with wider social, cultural but also political contexts that substantially contribute to the expression of American art.

#### UK ART AND CULTURE

##### Course Description:

The course builds upon the students' prior knowledge of British history and literature and tries not only to revise this knowledge but also to put it into a broader cultural context. Proceeding chronologically from the period of English Renaissance, we shall focus on how the political and social situation of the time has been reflected in (not only) visual art and in cultural production of the time, taking British literature as a starting point. The students shall therefore be asked to revise selected chapters of British history and literature for each seminar. This revision will be followed by reading materials that deal specifically with mostly visual art and culture of the time. This theoretical knowledge will then be applied to specific examples art and culture that may serve as a source of information not only about the artistic values of the society of the time but also about its norms, values and institutions.

##### Learning Outcomes:

By the end of this course, student will be able to:

- Identify some of the most significant works of British art
- Understand the connections between historical background and cultural development of the respective periods
- Identify main ideas and arguments in the texts assigned for home preparation
- Apply this theoretical knowledge to the analysis of works of art and culture and make their own analysis of a selected work of art based on the theories studied throughout the semester
- Students would also improve the transferable skills of summarising texts they have read, understanding knowledge gained in the classroom, understanding and applying it in the form of a presentation

## UK ART AND CULTURE

### WEEK 1: Course Introduction

Content: defining culture and art, the concept of national culture, British culture and stereotypes, cultural literacy

We will discuss our understanding of the terms 'art' and 'culture' and try to come up with our own definitions. Then we will think about the term 'national' culture and British culture in particular and see how we each understand these notions and what concepts and stereotypes we associate with being British. Our next task will be to try to clarify the term 'art' and how we understand it in relation to culture. Throughout this course, we will also be working on improving certain skills that may be useful in broader context. This lesson will focus on summarising texts and presenting these summaries to others, which will later be applied in individual presentations.

Reading (in class):

- Arnold, D.: Art History. A Very Short Introduction. Oxford: OUP, 2004. Chapter 1

### WEEK 2: English Renaissance

Content: Renaissance, Reformation, portrait painting, Tudors and the Golden Age

In this class, we will compare the understanding of arts and the role of artists in ancient, medieval and Renaissance society and discuss how and why Renaissance came to be a defining turning point for European culture and how our awareness of this period has been shaped by its presentation in the media.

Revision: Tudor England (history), Elizabethan and Tudor Literature (literature)

Reading:

<http://www.arthistory.sbc.edu/artartists/renaissance.html>

Presentation(s): compare the position of art and artist in ancient, medieval and Renaissance society.

### WEEK 3: Commonwealth and Restoration

Content: Charles I and Baroque portrait, art and culture of the Commonwealth, Restoration

This class will focus on the reflection of the changing social and political situation in the period art, particularly the portrait painting. We will discuss how portraits of monarchs and other influential figures reflected their ambitions and served as a message for the others. Applying our theoretical knowledge to analysing specific works of art, we will move on to discuss the form of the final presentation and its evaluation criteria.

Revision: Stuarts (history), 17th century and Restoration literature (literature)

Reading:

- Sharpe, K. 'Portrait of an Age'. In History Today, March 2009, pp. 6-7.

### WEEK 4: Neo-Classicism, English School of Art

Content: The Age of Reason, Enlightenment, the rise of middle classes, satire, journalism

Neo-Classical art and culture in general marked a shift in topics, styles and target audience for writers and visual artists alike. Using our knowledge of neo-classical literature as a starting point, we will analyse several paintings of the so called English School to see how similar principles were applied in visual arts. Since this period also marked the birth of journalism and regular newspapers, we will compare some of those with our current notions of what a newspaper is.

Revision: Neoclassical prose and poetry (literature)

Reading:

- <http://www.gutenberg.org/files/2176/2176-h/2176-h.htm> - (Introduction and the first of the discourses)

| <b>Podmienky na absolvovanie predmetu:</b><br>Continuous assessment:<br>Each student is required to have their own copies of the seminar materials. Failing to do so will result in considering the student absent for the given seminar session. In addition, each student is required to prepare fill in the seminar handouts (available on UPJS OneDrive) BEFORE each seminar and bring them to class. If a student is unable to present their FILLED-IN handout, they will be considered absent for the given seminar session.<br>Active participation in the seminars (having read the texts and participating in in-class discussions) will amount to 15% of the continuous assessment. In addition, students will be asked to sit two credit tests (week 8 and 14). Credit test 1 will amount to 35% of the continuous assessment and credit test 2 will amount to 50% of the continuous assessment. In order to be allowed to take the final exam, students need to earn at least 65 points.<br>Continuous assessment: Active participation - 15% - Credit test 1 - 35% - Credit test 2 - 50%<br>Each student is allowed two absences at most. Failing to attend the Week 1 introductory session is ALSO COUNTED AS AN ABSENCE. More than two missed seminars will result in failing the course, irrespective of exam results.<br>Final assessment: Written examination: Test based on the lecture content and compulsory reading.<br>Mark %<br>A 93–100<br>B 86–92<br>C 78–85<br>D 72–77<br>E 65–71<br>FX 64-0<br>NOTICE that LECTURE OUTLINES will be provided by the teacher.<br>The outlines present some basic facts and extracts from the literary works discussed during lectures. | <b>Podmienky na absolvovanie predmetu:</b><br>Student evaluation is based on three criteria:<br>TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark:<br>Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests:<br>A 100-93<br>B 92-86<br>C 85-78<br>D 77-72<br>E 71-65<br>FX 64-0<br>Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course.<br>CONTINUOUS PREPARATION constitutes 15% of the final mark:<br>Students are expected to prepare reports for each class by reading and processing the study materials and the required literature.<br>Formal requirements for the home assignments:<br>Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week.<br>Content requirements for the assignment: |                                             |

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

#### ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

#### ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

| <b>Podmienky na absolvovanie predmetu:</b><br>Student evaluation is based on three criteria:<br>TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark:<br>Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests:<br>A 100-93<br>B 92-86<br>C 85-78<br>D 77-72<br>E 71-65<br>FX 64-0<br>Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

### **Výsledky vzdelávania:**

Student evaluation is based on three criteria:

TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule.

TESTS constitute 70% of the final mark:

Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests:

A 100-93

B 92-86

C 85-78

D 77-72

E 71-65

FX 64-0

| <b>Podmienky na absolvovanie predmetu:</b><br>Testy v 7. a 14. týždni preveria vedomosti študentov z materiálov preberaných počas hodín a určených na domácu prípravu. Aby študent získal hodnotenie, musí konečný výsledok z oboch testov predstavovať spolu minimálne 65%. Náhradné ani opravné termíny sa konať nebudú. V prípade potreby presunúť termín testu z dôvodu prázdnin či neprítomnosti vyučujúceho sa o tejto zmene dozvedia študenti v dostatočnom predstihu prostredníctvom oficiálnej stránky katedry/mailom. Od študentov sa očakáva pravidelná a aktívna účasť na hodinách: viac než dve absencie znemožnia vyučujúcemu udeliť konečné hodnotenie. Nepripravenosť sa rovnako považuje za absenciu. Ak študent nemá vlastné kópie potrebných materiálov či písomnú prípravu, vyučujúci je oprávnený požiadať dotyčného študenta, aby opustil učebňu. Študenti sú povinní rešpektovať pridelenie do jednotlivých seminárnych skupín. V prípade akýchkoľvek otázok kontaktujte vyučujúceho na týchto e-mailových adresách: mariana.zelenakova@upjs.sk alebo mariana.zelenakova@gmail.com.<br>Hodnotenie:<br>Test č. 1. - 50%<br>Test č. 2. - 50%<br>Spolu: 100%<br>Percentuálny počet potrebný na udelenie hodnotenia: 65%<br>Stupnica stanovená oficiálnymi hodnotiacimi kritériami:<br>100%-92% A<br>91%-87% B<br>86%-82% C<br>81%-77% D<br>76%-65% E<br>64% a menej Fx |                                                         |

| <b>Podmienky na absolvovanie predmetu:</b><br>Testy v 7. a 14. týždni preveria vedomosti študentov z materiálov preberaných počas hodín a určených na domácu prípravu. Aby študent získal hodnotenie, musí konečný výsledok z oboch testov predstavovať spolu minimálne 65%. Náhradné ani opravné termíny sa konať nebudú. V prípade potreby presunúť termín testu z dôvodu prázdnin či neprítomnosti vyučujúceho sa o tejto zmene dozvedia študenti v dostatočnom predstihu prostredníctvom oficiálnej stránky katedry/mailom. Od študentov sa očakáva pravidelná a aktívna účasť na hodinách: viac než dve absencie znemožnia vyučujúcemu udeliť konečné hodnotenie. Nepripravenosť sa rovnako považuje za absenciu. Ak študent nemá vlastné kópie potrebných materiálov či písomnú prípravu, vyučujúci je oprávnený požiadať dotyčného študenta, aby opustil učebňu. Študenti sú povinní rešpektovať pridelenie do jednotlivých seminárnych skupín. | <b>Výsledky vzdelávania:</b><br>Predmet je zameraný na rozvoj základných jazykových kompetencií študentov, na upevňovanie a rozvíjanie všetkých jazykových zručností, predovšetkým vo francúzštine potrebnej na každodennú komunikáciu potrebnú na úspešné zvládanie pobytov študentov v rámci medzinárodných projektov (napr. Erasmus), v akademickej a odbornej francúzštine, ako i s ohľadom na budúce možnosti uplatnenia sa študentov na trhu práce, na začiatocníckej až stredne pokročilej úrovni ovládania jazyka (A1 až B2) podľa Spoločného európskeho referenčného rámca pre jazyky. Dôraz sa kladie na aktívne používanie cudzieho jazyka v bežnom živote, v akademickom a vedecko-výskumnom prostredí i v eventúálnom budúcom profesionálnom pôsobení.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                         |

## Výsledky vzdelávania:

This course aims at presenting the students with a new point of view on a topic as familiar as children's literature, and consequently attempts to encourage them to adopt a critical attitude towards all, even well-known and seemingly straightforward, areas of life. The course consists in analysing specific fairy tales and other texts falling under the category of "children's literature" in order to uncover the mechanisms which these texts employ to socialise children, reflect and/or influence family dynamics, construct identities, sustain traditional gender roles, or, on the contrary, deconstruct them.

| <b>Podmienky na absolvovanie predmetu:</b><br>Attendance and Participation: You may miss two classes without penalty. You will fail the course if you miss more than two classes or are late more than three times. Hopefully, you'll be eager to come and eager to speak up in class. If, however, you attend but are consistently mute and mysterious, I will lower your grade by one letter. Drafts, Deadlines, and Late Work: Throughout the course, I will encourage you to write multiple drafts of each paper. Writing multiple drafts will improve your writing and take some of the stress out of the final deadline. Ideally, you will have a first draft well before the deadline, so you should always be able to get something in on time. If a paper or draft is late, you may email it to me anytime, but I will reduce the grade by one letter per day. You must complete all of the assignments in order to pass. Continuous Assessment: You will write two, one page papers, a three page paper, and a six page final paper. There will also be occasional quizzes which will be worth ten percent of your grade. Assignment descriptions are posted on ffweb. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and Documentation. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. There is no final exam. study group, number of the given week according to the syllabus of the course and the title of the topic for the week.

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment or presented in the videos to be watched.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

**ABSENCE DUE TO ILLNESS**

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

**ABSENCE FOR OTHER REASONS**

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

| <b>Podmienky na absolvovanie predmetu:</b><br>1. Attendance - students are expected to attend each class according to the schedule. No transfers among the groups are allowed. Students are allowed to miss two classes at the most. Should they miss three or more classes, they will not receive credits for the course no matter what their overall results are on tests. Students must be on time for class or they will be marked as absent.<br>2. Active participation, completed homework assignments - students are required to do their best with respect to active participation in seminar sessions. They are expected to bring their own copies of the required materials and complete the assigned tasks and exercises. Should they fail to bring their own copy or a completed home assignment for a particular seminar, they will be marked as absent.<br>3. CONTINUOUS ASSESSMENT – Language skills ( LS ) as a subject comprises 3 parts (1-reading and speaking, 2- listening and vocabulary, 3- grammar) . Students will take 2 credit tests, presumably during tutorial weeks. The date of the test may change. All three parts of the subject will be included in the tests and they will be tested on the same day; however, each part will be considered separately. At the end of the semester , within each part of LS separately, your partial scores will be calculated based on the results of partial credit tests.<br><b>Final assessment and evaluation:</b><br>The student will receive final credits when getting minimum mark set for their study group for each of the three parts of Language skills (LS). In such case the final credits will be calculated as an average of all percentage results from all LS parts. If students fail one part of LS, they fail the whole subject and cannot receive any credits. There will not be any re-take tests for those who failed to achieve the pass level.<br><b>FINAL EVALUATION :</b><br>Scale for BASb; BASb (komb) double majors; AJEIEb; AJEIEb komb:<br>A 93-100%<br>B 86-92%<br>C 78-85%<br>D 72-77%<br>E 65-71%<br>FX 64 and less<br>Scale for RSb: |                                                              |

| <b>Podmienky na absolvovanie predmetu:</b><br>1. Attendance - students are expected to attend each class according to the schedule. No transfers among the groups are allowed. Students are allowed to miss two classes at the most. Should they miss three or more classes, they will not receive credits for the course no matter what their overall results are on tests. Students must be on time for class or they will be marked as absent.<br>2. Active participation, completed homework assignments - students are required to do their best with respect to active participation in seminar sessions. They are expected to bring their own copies of the required materials and complete the assigned tasks and exercises. Should they fail to bring their own copy or a completed home assignment for a particular seminar, they will be marked as absent.<br>3. CONTINUOUS ASSESSMENT – Language skills 2 ( LS2 ) as a subject comprises 4 parts (1& 2 - reading & speaking, 3- listening , 4- grammar) . Students will take 2 credit tests, presumably during tutorial weeks. The date of the test may change. The three parts (reading, listening and grammar) of the subject will be included in the tests and speaking will be tested orally, and they will be tested presumably on the same day; however, each part will be considered separately. At the end of the semester, within each part of LS2 separately, your partial scores will be calculated based on the results of partial credit tests and speaking part. In order to pass one part of LS2, students need to score minimum pass mark as set for their study group.<br>Final assessment and evaluation:<br>The student will receive final credits when getting minimum pass mark as set for respective study groups for each of the four parts of LS2. In such case the final credits will be calculated as an average of all percentage results from all LS2 parts. If students fail one part of LS2, they fail the whole subject and cannot receive any credits. There will not be any re-take tests for those who failed to achieve the pass level.<br><b>FINAL EVALUATION :</b><br>Scale for BASb and BASb (komb) double majors, AJEIEb, AJEIEb double majors:<br>A 93-100%<br>B 86-92%<br>C 78-85% |                                                              |

#### COVID -19 UPDATE

Due to the extraordinary situation, the Language Skills 2 course will be completed by one test in which all three parts (grammar, listening comprehension and reading comprehension) are equally represented and the test will cover topics from the entire semester (for all three parts).

Oral testing is cancelled.

The test date will be set to a specific date during the tutorials and will be announced in time. If necessary, it will be moved to a later date.

Each student will be entitled to one regular and two resit dates. Students will study the topics in the form of self-study during the rest of the semester and use the opportunity to consult with teachers by email.

| <b>Podmienky na absolvovanie predmetu:</b><br>Continuous assessment will be based on two credit tests (credit test 1 = 50%, credit test 2 = 50%); pass level from both tests together is 65%. There will be no retake. Pass level 65% from both tests together is a precondition for being admitted to final exam test. Students are expected to attend each seminar according to the schedule. More than two unexcused absences are not acceptable (extreme situations aside), making the third unexcused absence an automatic failure for the course.<br>DUE TO THE CURRENT SITUATION WITH COVID-19, BOTH CREDIT TESTS OF CONTINUOUS ASSESSMENT WILL NOT TAKE PLACE.<br>Oral exam = 100%                                                                                                                                                                                                                                                                                                                          |                                                 |
| <b>Výsledky vzdelávania:</b><br>To introduce fundamental concepts of linguistic morphology. The course concentrates on the study of the internal structure of words and their relationship to one another. It also examines the interface between morphology and other linguistic disciplines.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                 |

| <b>Podmienky na absolvovanie predmetu:</b><br>Assessment and evaluation:<br>Students are expected and required to actively participate in each lesson (active participation = participation in discussions based on having read required texts and watched required films). Each student will be also asked to present an essay (analysis) on one of five different topics chosen by the lecturer at the beginning of the semester. Deadlines for essays will be scheduled throughout the semester and the best essays will be presented by students during the final session devoted to presentations at the very end of the term. If a student fails to provide an essay by the predetermined deadline, he/she will not receive credits. To complete the course, students are also required to successfully pass the test at the end of the course.<br>It is also expected that students attend each class according to the schedule. No transfers among the groups are allowed. Should someone miss three or more classes, he/she will not receive credits for the course no matter what their overall results are.<br>Final assessment:<br>Final grade will be calculated as a sum of score for assignment(s) - essay (50%), test (50%). The course will enable students to acquire knowledge of major developments in American cinema, from silent films to the present day cinema, and explore their connections with broader socio-historical context. It also attempts to increase students' appreciation of diverse styles and genres, as well as help them recognize how some of the popular genres express social and cultural tensions. One of the main aims of this course, however, is to enable students question their own role as passive spectators and increase their ability to watch films actively and critically.

| <b>Výsledky vzdelávania:</b><br>Študenti získajú informácie o princípoch a architektúre počítačovej siete Internet. Pochopia princípy vrstvého referenčného modelu ISO OSI pre sieťovú komunikáciu, význam a využitie pojmov protokol, služba, rozhranie. Vedia posúdiť parametre komunikačných kanálov, rozumejú funkciu prepájacích zariadení (opakovačov, mostov, smerovačov, brán). Rozumejú štruktúre IP paketov, adresácii a spôsobu prenášania paketov. Rozumejú potvrdzovanému transportnému prenosu protokolom TCP a jeho realizácii. Vedia využívať transportné rozhranie protokolov UDP a TCP v programe. Poznajú základné aplikačné protokoly siete Internet.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |                                                 |

| <b>Výsledky vzdelávania:</b><br>Considering the fact that most of the courses take a rather anglocentric point of view, it is necessary to introduce other issues and make the students aware of regional diversity of Britain. A single course is not sufficient to cover such a broad topic, therefore, Regions of the UK focus on Scotland as one of the regions. By covering a variety of topics similar to those already known to students primarily from the Introduction to British Studies, this course shall try to elicit a discussion about similarities and differences, encouraging students to contribute their own findings and areas of interest.                                                                                                                                                                                                                                                            |                                                          |

**Výsledky vzdelávania:**

Cieľom kurzu je oboznámiť študentov z vybranými textami modernej a súčasnej slovenskej literatúry, pričom predmetom záujmu je primárne reflexia rodovej problematiky, rozdelenia úloh v spoločnosti, a spoločenského zriadenia, ktoré toto rozdelenie ovplyvňuje. Kurz tematicky aj chronologicky nadväzuje na poznatky zo slovenskej literatúry získané počas stredoškolského štúdia, pričom sa snaží byť akýmsi prirodzeným pokračovaním stredoškolského kurikula - dôraz je kladený najmä na texty napísané v 20. a 21. storočí, a to konkrétne na texty menej známych autorov a — hlavne — autoriek. Počas kurzu si študenti budú mať možnosť doplniť teoretické poznatky z oblasti slovenskej literatúry, ako aj rozvíjať praktické zručnosti: čítanie s porozumením, analýzu textu a kritické myslenie.

| <b>Podmienky na absolvovanie predmetu:</b><br>Student evaluation is based on three criteria:<br>TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark:<br>Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests:<br>A 100-93<br>B 92-86<br>C 85-78<br>D 77-72<br>E 71-65<br>FX 64-0<br>Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course.<br>CONTINUOUS PREPARATION constitutes 15% of the final mark:<br>Students are expected to prepare reports for each class by reading and processing the study materials and the required literature.<br>Formal requirements for the home assignments:<br>Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week.<br>Content requirements for the assignment: |                                                                                             |

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format.

No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

| <b>Podmienky na absolvovanie predmetu:</b><br>Student evaluation is based on three criteria:<br>TESTS 70%; CONTINUOUS PREPARATION 15%, and ATTENDANCE AND ACTIVE PARTICIPATION 15%. In order to receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. TESTS constitute 70% of the final mark:<br>Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests:<br>A 100-93<br>B 92-86<br>C 85-78<br>D 77-72<br>E 71-65<br>FX 64-0<br>Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an oral exam to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course.<br>CONTINUOUS PREPARATION constitutes 15% of the final mark:<br>Students are expected to prepare reports for each class by reading and processing the study materials and the required literature.<br>Formal requirements for the home assignments:<br>Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the syllabus of the course and the title of the topic for the week.<br>Content requirements for the assignment: |                                                                                             |

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats will be accepted!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 15% of the final mark:

All students must attend all classes. Students must arrive on time for the classes. Should anyone miss the first ten minutes of a class, will be marked as absent from the class.

All students must actively participate in extracurricular activities that are organized by the Department of the British and American Studies, which clearly contribute to their professional development: lectures and workshops, career week activities, volunteering in organizing open door days, language competitions and Olympiads, all fall in this category.

#### ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

#### ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

#### **Jazyk, ktorého znalosť je potrebná na absolvovanie predmetu:**

slovenský jazyk, anglický jazyk

#### **Poznámky:**

Predmet je vyučovaný dvomi vyučujúcimi. PhDr. Štefan Franko, PhD. vyučuje semináre pre študentov tlmočníctva a prekladateľstva, ktorí majú predmet ako povinný. Mgr. Ester Demjanová vyučuje predmet ostatných študentov (BAS a BAS v kombinácii), ktorí majú predmet ako povinne voliteľný. Presuny medzi skupinami nie sú možné. Všetci študenti musia byť nahlásení na rozvrh k správne mu vyučujúcemu. Pre jednotlivé skupiny platia rôzne podmienky hodnotenia a rôzna obsahová náplň predmetu.

Predmet nadväzuje na základy tlmočenia nadobudnuté v rámci predmetu Tlmočenie 1 – konzekutívne. Od študentov, ktorí tento predmet neabsolvovali, sa očakáva, že si chýbajúce vedomosti doštudujú.

Hodiny budú prebiehať v slovenskom jazyku. Od študentov sa očakáva ovládanie anglického jazyka na vysokej úrovni – nízka úroveň anglického jazyka neospravedlňuje výkon študenta

pri tlmočení a odzrkadlí sa v záverečnom hodnotení. Predmet nie je odporúčané navštevovať v prvom ročníku štúdia, keďže si vyžaduje pohotové používanie jazyka na úrovni C1+.

| <b>Poznámky:</b><br>Pre semináre s Mgr. Demjanovou:<br>Hodiny budú prebiehať v slovenskom jazyku. Od študentov sa očakáva ovládanie anglického jazyka na vysokej úrovni – nízka úroveň anglického jazyka neospravedlňuje výkon študenta pri tlmočení a odzrkadlí sa v záverečnom hodnotení. Predmet nie je odporúčané navštevovať v prvom ročníku štúdia, keďže si vyžaduje pohotovosť používania jazyka na úrovni C1+.                                                                                                                                                                                                                                                                                                                                                                                 |       |       |      |      |      |

| <b>Výsledky vzdelávania:</b><br>The aim of the subject is to make students understand that neither English language learning nor successful research work is possible without the use of various types of dictionaries, containing the whole information on the language, its word stock, functioning and current usage. The students should know the ways the words are presented in linguistic and encyclopaedic dictionaries, specialized ones and thesauri.                                                                                                                                                                                              |                                                       |

| <b>Podmienky na absolvovanie predmetu:</b><br>Continuous assessment:<br>Students are expected and required to actively participate in each lesson (active participation - participation in discussions based on having read required texts). Any student deemed unprepared will be marked as absent.<br>There will be two tests during the semester. The mid-term test will cover topics 1-6, the end-of-term test will cover topics 7-11. Each student will need to get a combined score of no less than 65% (50% depending on your program) in order to be allowed to take the final exam (this applies only to students who receive 5 credits for this course, students receiving 3 credits do not need to take the final-oral exam).<br>Final assessment:<br>Students who fail to achieve the required minimum on the mid-term and end-of-term test have failed the class. For the rest of the students, the final assessment will be determined solely by their score during the final -oral exam. The exam will be taken during the exam period (Jan-Feb). Two retakes are possible; the most recent score always counts.<br>The instructor will post exam dates in the AIS at the beginning of December and students will sign up for the exam well in advance in the AIS. Any registration changes have to be performed no less than 24 hours before the exam takes place.<br>Attendance:<br>Students are expected to attend each class according to the schedule. No transfers among the groups are allowed. Should students miss three or more classes, they will not receive credits for the course no matter what their overall results are.<br>The grading scale for this compulsory course for BASb, BASb (in comb.), AJEIEb, AJFJEIEb, and AJNJEIEb is:<br>A 93-100%<br>B 86-92%<br>C 78-85%<br>D 72-77%<br>E 65-71%<br>FX 64 and less<br>Scale for RSb is: |                                                                                    |

| <p><b>Výsledky vzdelávania:</b></p> <p>The course is intended as an introductory course for American Studies undergraduate students to provide an introduction to some of the central themes that have organized American culture from its very discovery. We will meet some of the key figures in American history, and look at how they think about their nation in a variety of different modes, from fiction, to sermons, to poetry, and film. These writers and thinkers, from a number of different racial, ethnic, class, and gender positions, will tell us stories about the key moments in American history, its triumphs and its shames, and the continuities between its past, present, and future. The focus will be on reading a large number of short pieces and selections from longer works rather than complete books in order to generate a wide-ranging knowledge of American culture.</p> <p>The main objective of this course is to gain familiarity with some of the recurrent aspects and terms in American culture and how they change over time, and possess an introductory sense of some of the critical works of American studies and how they relate to their own historical contexts.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |

| <b>Podmienky na absolvovanie predmetu:</b><br>Continuous Assessment:<br>• Regular Class Attendance<br>Students are allowed to miss no more than 2 seminars for whatever reason. Please reserve these for when you are sick or have other serious reasons to be absent since you only have these 2 options and no more! Once you have missed more than 2 seminars, you will not be allowed to continue the course and obtain the credits. Should anyone come unprepared, he or she will be asked to leave and considered absent from the seminar. The same applies to failure to participate in class activities and discussion. Students are expected to complete their readings prior to each class and bring a copy of readings with them to class.<br>• Tests<br>Students will write two tests (in week 6 and in week 12) which will cover materials assigned for home preparation, materials discussed in seminars and lecture materials. The SUM of the scores from these two tests must be AT LEAST set minimum for their study group (50% RSb; 65% BASb komb; 70% AJEIEb) in order for a student to be awarded the final mark.<br>Final Assessment 100% = test 1 (40%) + test 2 (60%)<br>Two written tests taken during weeks 6 and 12, covering materials assigned for home reading, discussed in seminars and lectures. The great emphasis will be placed on the ability to understand and to use the key terminology, since this course prepares students for future advanced courses in linguistics. Class time will be spent working through students' responses to various questions related to lectures as well as to the texts students will be asked to read before attending class. Topics of the seminars will follow the content of the Introduction to Linguistics. A Practical Coursebook.</p> <p>Week 1: Introduction. Aim of the course. | <b>Podmienky na absolvovanie predmetu:</b><br>All texts required for the course will be given to students during the introductory seminars.<br>Each student is required to bring their OWN copies of the materials as well as their own written preparation for the assignments given ahead of each seminar. Otherwise the student will be considered absent.<br>Students will be asked to sit two short credit tests, which will NOT be announced in advance. The SUM of the scores from both tests must be 50% in order for a student to be allowed to take the final exam (see the final scores below for different study groups). Since there are NO RETAKES for the tests, it is advisable for the students to be present at every seminar and prepare in advance.<br>Active participation and presence at seminars is also reflected in the evaluation mark.<br>Students are allowed to miss NO MORE THAN two seminars during the semester.<br>Assessment and evaluation:<br>BASb/m, BASb komb, AJaLm, AJEIEb/m, AJFJEIEb/m, AJNJEIEb/m:<br>A 100 – 93<br>B 92 – 86<br>C 85 – 78<br>D 77 – 72<br>E 71 – 65<br>FX 64 and less<br>RSb:<br>A 90-100%<br>B 80-89%<br>C 79-70%<br>D 60-69%<br>E 50-59%<br>FX 49 and less |                                                                                          |
