Brief outline of the course: TOEFL iBT tests are the product of Educational Testing Services an international nonprofit organization. The TOEFL test helps prove candidates have the English skills they will actually use in an academic classroom. In the test, candidates may read a passage from a textbook and listen to a lecture and then speak or write in response, just like they would in a classroom. Because the test is composed of 100% academic questions and tasks, many universities consider it the most appropriate test to use when making admissions decisions. TOEFL test scores help candidates stand out because of the TOEFL test's reputation for quality, fairness and 100% academic content. It is the most widely accepted English-language test in the world, including more than 9,000 colleges, universities, agencies and other institutions in 130 countries. And that list includes the top 100 universities in the world. By sending TOEFL scores to your selected university, you will be proving that you are ready for academic success.
