Learning outcomes:

This course is designed to serve as a continuation of the compulsory courses on the history of British literature. During the course, students will get acquainted with a number of "contemporary classics" - i.e. with important novels published in the 21st century. Students will be guided to think about how contemporary literature reflects the globalized world of today. Specifically, they will focus on themes of place and geography, identity construction and identity conflict, race and ethnicity, and migration.

As this is a graduate level course, students will be asked to work on their own or in teams and learn to be able to study literary works with minimum guidance from the lecturer. For this reason, students will be divided into study groups at the beginning of the semester, and each study group will focus on different novels. Students will also continue to develop their basic academic skills

(close reading of literary texts, analysis, comparative analysis, synthesis, formulation of academic arguments) and improve their ability of critical thinking.

COURSE INFORMATION LETTER

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ USCU/09	Course name: Contemporary USA
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TWO CREDIT TESTS 70%; CONTINUOUS PREPARATION 10%, and ATTENDANCE AND ACTIVE PARTICIPATION 20%. To receive credits for this course, students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. Attendance is followed during the online sessions too. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests plus points for continuous preparation and active participation. The final mark is assigned according to the following scale: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an ORAL EXAM to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The reports must be submitted in Printable Document Format (PDF).

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation will be assigned only when the student actively contributes to the learning process during the sessions by joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be assigned the points for active participation as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will be duly followed on online meetings too. Tests – if required for the completion of course – are

<p>also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!</p>

Course ID: KAaA/ COLGmu/15	Course name: Corpus Linguistics
Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 1 / 1 Per study period: 14 / 14 Course method: present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 2.	
Course level: II.	
Prerequisites:	
Conditions for course completion: 1. Continuous assesment - active participation - 20% - corpus home-task - 20% - corpora compilation - 60% 2. Final assesment - ONLINE written exam The minimum to pass is 65%. It is a condition for the final exam. Since it is a continuous assessment, there is no retake. In the case the students fail to achieve the required percentage in continuous assessment they will not be allowed to take part in the final exam test and they fail the course. The final exam will be mediated via MS Teams. Students are free to choose the preferred mobile equipment for this purpose (mobile phones, tablets, laptops, etc.) but they are responsible for the readiness of the device to be used (technicalities, charged device, etc.). The tutor of the course will make use of any available option to prevent students from cheating during the test. Any identified cheating attempt will result in 0 test score and the student will be reported to the management of the Department and the Faculty.	
Learning outcomes: Course description The course consists of lectures and seminars. Both classes will be conducted in the distant form. For both lectures and seminars, students are supposed to be present on time not to hinder the fluency of the teaching process. If a student fails to attend a lecture/seminar it is their duty to obtain the respective information from their colleagues. Students are not allowed to record either lectures or seminars. Seminars are obligatory for all students. Students are expected to attend each class, however, a student can be absent twice without a need to justify his or her absence, The aim is to introduce corpus linguistics as a research method for descriptive and applied linguistics. To this end, the corpus consists of two parts: i. theory, which reviews the history of corpus linguistics and the basic stages of corpus building and annotation; and ii. practice, which is a series of hands-on sessions where the main corpus tools are exercises by use of a selection of free-access corpora, dictionaries, and concordancers and concordancer-related tools. The course aims at enabling students to:	

- iii. understand the principles of corpus-based research;

This course will examine significant issues in film theory and contemporary approaches to understanding the film. Since the 1970s, scholars have developed a variety of critical methods for studying media texts. This course focuses on the most viable ones to provide students with the tools necessary to interpret films as socio-cultural and ideological productions.

Course ID: KAaA/ CERTb/15	Course name: Language Competences for Language Certificates
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: combined, present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 2., 4.	
Course level: I., II., N	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TWO CREDIT TESTS 70%; CONTINUOUS PREPARATION 10%, and ATTENDANCE AND ACTIVE PARTICIPATION 20%. To receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. Attendance is followed during the online sessions too. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests plus points for continuous preparation and active participation. The final mark is assigned according to the following scale: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an ORAL EXAM to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The final document must be saved in Printable Document Format (PDF). Ignoring any of these criteria will automatically lead to the refusal of the submitted report.

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation are assigned **ONLY** to the students who actively contribute to the learning process during the sessions with joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be acknowledged as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will

<p>be duly followed on online meetings too. Tests – if required for the completion of course – are also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!</p>

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation are assigned **ONLY** to the students who actively contribute to the learning process during the sessions with joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be acknowledged as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will

<p>be duly followed on online meetings too. Tests – if required for the completion of course – are also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!</p>

Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Attendance and Participation: You may miss one class without penalty. If you miss two or more, you will fail the course. If you are repeatedly late, you will not be allowed to complete the course. You are expected to contribute to the class discussion and to provide insightful comments on the readings and on your classmates' work. I will lower your grade by one letter if you are consistently silent, disengaged, or unprepared. Drafts, Deadlines, and Late Work: Throughout the course, I will encourage you to write multiple drafts of each paper. Writing multiple drafts will improve your writing and take some of the stress out of the final deadline. Ideally, you will have a well developed rough draft well before the deadline, so you should always be able to get something in. Your work will be read and critiqued by your fellow classmates, so please make your drafts as complete as possible and come prepared for a lively discussion. Late work will not be accepted. If any draft or paper is late, you will fail the entire course. Continuous Assessment: You will write two short papers, three pages each, and one long paper of at least eight pages. A page means approximately 330 words. Assignment descriptions are posted on ffweb. The final paper may be a revision of one of the short papers. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and Documentation. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. Any paper not properly documented will receive an FX overall. It breaks down like this: Paper 1 25% A 93-100% Paper 2 25% B 86-92% Paper 3 50% C 78-85% D 72-77% E 65-71%	
Learning outcomes: To teach grammatical and rhetorical forms, improve students' research and analytical skills, and clarify the conventions of academic discourse with special emphasis on developing a thesis which is complex enough to sustain a graduate level paper.

Course ID: KAaA/ DIAJmu1/15	Course name: Methodology of English Language Teaching 1
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TWO CREDIT TESTS 70%; CONTINUOUS PREPARATION 10%, and ATTENDANCE AND ACTIVE PARTICIPATION 20%. To receive credits for this course, students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. Attendance is followed during the online sessions too. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests plus points for continuous preparation and active participation. The final mark is assigned according to the following scale: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an ORAL EXAM to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The reports must be submitted in Printable Document Format (PDF).

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation will be assigned only when the student actively contributes to the learning process during the sessions by joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be assigned the points for active participation as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will be duly followed on online meetings too. Tests – if required for the completion of course – are

<p>also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!</p>

Number of ECTS credits: 3	
Recommended semester/trimester of the course: 2., 4.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Conditions for completing the course: a) regular attendance of online sessions and active participation (max. permitted absence: 1x180 min) - 40 % b) group presentation of the topic chosen from the course syllabus during the last online session and feedback to team members - 60 %	
Learning outcomes: The course focuses on soft and hard skills necessary to become successful on the labour market within the shared corporate services centres and its objective is to provide students with a set of effective communication tools. The companies associated within the Business Service Center Forum (BSCF) of the American Chamber of Commerce in Slovakia employ more than 31,000 full-time employees and have identified soft communication skills on one hand as the most important skills but on the other hand as at least developed competences of graduates entering the labour market. The aim of the course is to contribute to enhancement of soft and hard skills which are necessary for working not only in the shared services centres, but also widely applicable on the labour market. After completing the course, students will be able to communicate more assertively, solve conflicts arising on the workplace, receive and give feedback effectively, but they will also know the basis of working in accounting systems or in programming languages.	
Brief outline of the course: Module 1 – Time Management The module will last for 180 minutes and the language of instruction will be English. --- Module 2 – Microsoft Excel – The aim of the module is to present users the functions of Microsoft Excel mostly used in the business environment of shared services centre. By the end of the module, students will know (inter alia) how to: <ul style="list-style-type: none"> • import data among individual databases; • format and edit sheets; • use basic formulae and operate data analyses; • create graphs The module will last for 180 minutes and the language of instruction will be Slovak/English.	

Module 3 – Personal Brand - Business set-up

The module will last for 180 minutes and the language of instruction will be English.

Module 4 – Verbal & Non-verbal Communication – the module will be divided into two blocks of topics.

Block A (productive conversation) – people think that simple talking means good conversation. Why do misunderstandings occur? But communication is not only about talking. Productive conversation requires much more than ability to talk. In this block, students will get answers to questions such as “how to assure the other person that we are listening properly, what to do and why to do that?”; “in what situation and how to ask a right question to get the answer to our question?” or “how to be authentic and make an impression of being a competent and responsible employee?”. This block also includes role play for techniques and scenarios of productive conversation as well as finding the balance between Defence and Request.

Block B (assertive communication) – assertive communication will be presented to students as a tool for expressing their own feelings and thoughts without being aggressive or using passive behaviour. In this block, the lecturer will also focus on the following issues:

- How assertive are you? To know oneself is the best starting point (role play).
- Assertive rules and Transactional Analysis according to Eric Berne.
- Aggressive – assertive – passive types of behaviour. Also passive – aggressive. How to identify them and how to react properly?
- Effective strategies for dealing with others, taking into account assertiveness and cooperation level. When it is appropriate to use “destruction strategy”? Is compromise the golden mean?
- Good assertive techniques.

The module will last for 180 minutes and the language of instruction will be English.

Module 5 – Conflict Management – The aim of the module is to introduce the conflict situations as moments we often find hard to avoid in the workplace, which is why it is important to know how to efficiently manage and communicate them to find the solution. The trainer will teach students the strategies and techniques of how to manage conflicts. Knowing when and how to apply them will help the course students manage conflict situations efficiently. By the end of the module, the students will learn how to:

- discuss the nature of the conflict, the fact that it can be constructive or destructive, that learning to overcome the barriers when managing conflict can help them build their career;
- distinguish 5 most frequent styles of solving conflicts and improve their conflict-solving skills by learning which one to employ or which one to avoid;
- discuss how conflict-solving can improve their relationships, enhance their cooperation skills and increase their professional efficiency;
- discuss how their attitude influences the perception of conflict situation and how it helps to solve conflict constructively.

The module will last for 180 minutes and the language of instruction will be English.

Module 6 – Feedback – We constantly hear about feedback and everyone knows how important feedback is and everyone wants to know whether his/her performance and success are appreciated. However, the lecturer will outline what is the difference between “feedback” and “effective feedback”. The aim of this module is to explain how to give/get effective feedback that leads to higher performance and better behaviour on the workplace. Within the feedback module, the following topics will be presented to students:

<ul style="list-style-type: none"> • What is feedback? What possibilities (types, variants) do we have? Steps in the process of giving/receiving feedback. • Difference between criticism and feedback, its parameters. • In which situations we give feedback? • What will we achieve by feedback (what we want to achieve, solve, ...)? • Rules for effective and supporting feedback – verbal and non-verbal stimuli, exercises, key aspects of effective feedback, push & pull forms of feedback. <p>The feedback module will also include a final group presentation which is included in overall assessment of each student. The presentation will take place in front of audience consisting of the course lecturers and students and team members will give feedback to their team colleagues. The module will last for 180 minutes and the language of instruction will be English.</p>

Learning outcomes: The course focuses on soft and hard skills necessary to become successful on the labour market within the shared corporate services centres and its objective is to provide students with a set of effective communication tools. The companies associated within the Business Service Center Forum (BSCF) of the American Chamber of Commerce in Slovakia employ more than 31,000 full-time employees and have identified soft communication skills on one hand as the most important skills but on the other hand as at least developed competences of graduates entering the labour market. The aim of the course is to contribute to enhancement of soft and hard skills which are necessary for working not only in the shared services centres, but also widely applicable on the labour market. After completing the course, students will be able to communicate more assertively, solve conflicts arising on the workplace, receive and give feedback effectively, but they will also know the basis of working in accounting systems or in programming languages.	
Brief outline of the course: Module 1 – Time Management The module will last for 180 minutes and the language of instruction will be English. --- Module 2 – Microsoft Excel – The aim of the module is to present users the functions of Microsoft Excel mostly used in the business environment of shared services centre. By the end of the module, students will know (inter alia) how to: <ul style="list-style-type: none"> • import data among individual databases; • format and edit sheets; • use basic formulae and operate data analyses; • create graphs The module will last for 180 minutes and the language of instruction will be Slovak/English.	

Module 3 – Personal Brand - Business set-up

The module will last for 180 minutes and the language of instruction will be English.

Module 4 – Verbal & Non-verbal Communication – the module will be divided into two blocks of topics.

Block A (productive conversation) – people think that simple talking means good conversation. Why do misunderstandings occur? But communication is not only about talking. Productive conversation requires much more than ability to talk. In this block, students will get answers to questions such as “how to assure the other person that we are listening properly, what to do and why to do that?”; “in what situation and how to ask a right question to get the answer to our question?” or “how to be authentic and make an impression of being a competent and responsible employee?”. This block also includes role play for techniques and scenarios of productive conversation as well as finding the balance between Defence and Request.

Block B (assertive communication) – assertive communication will be presented to students as a tool for expressing their own feelings and thoughts without being aggressive or using passive behaviour. In this block, the lecturer will also focus on the following issues:

- How assertive are you? To know oneself is the best starting point (role play).
- Assertive rules and Transactional Analysis according to Eric Berne.
- Aggressive – assertive – passive types of behaviour. Also passive – aggressive. How to identify them and how to react properly?
- Effective strategies for dealing with others, taking into account assertiveness and cooperation level. When it is appropriate to use “destruction strategy”? Is compromise the golden mean?
- Good assertive techniques.

The module will last for 180 minutes and the language of instruction will be English.

Module 5 – Conflict Management – The aim of the module is to introduce the conflict situations as moments we often find hard to avoid in the workplace, which is why it is important to know how to efficiently manage and communicate them to find the solution. The trainer will teach students the strategies and techniques of how to manage conflicts. Knowing when and how to apply them will help the course students manage conflict situations efficiently. By the end of the module, the students will learn how to:

- discuss the nature of the conflict, the fact that it can be constructive or destructive, that learning to overcome the barriers when managing conflict can help them build their career;
- distinguish 5 most frequent styles of solving conflicts and improve their conflict-solving skills by learning which one to employ or which one to avoid;
- discuss how conflict-solving can improve their relationships, enhance their cooperation skills and increase their professional efficiency;
- discuss how their attitude influences the perception of conflict situation and how it helps to solve conflict constructively.

The module will last for 180 minutes and the language of instruction will be English.

Module 6 – Feedback – We constantly hear about feedback and everyone knows how important feedback is and everyone wants to know whether his/her performance and success are appreciated. However, the lecturer will outline what is the difference between “feedback” and “effective feedback”. The aim of this module is to explain how to give/get effective feedback that leads to higher performance and better behaviour on the workplace. Within the feedback module, the following topics will be presented to students:

<ul style="list-style-type: none"> • What is feedback? What possibilities (types, variants) do we have? Steps in the process of giving/receiving feedback. • Difference between criticism and feedback, its parameters. • In which situations we give feedback? • What will we achieve by feedback (what we want to achieve, solve, ...)? • Rules for effective and supporting feedback – verbal and non-verbal stimuli, exercises, key aspects of effective feedback, push & pull forms of feedback. <p>The feedback module will also include a final group presentation which is included in overall assessment of each student. The presentation will take place in front of audience consisting of the course lecturers and students and team members will give feedback to their team colleagues. The module will last for 180 minutes and the language of instruction will be English.</p>
