Number of ECTS credits: 5	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Students can get a maximum of 100 points for the course: Part 1 of the assessment: participation in the training (30p) - replaces the classic lessons, students choose the date of the training at the introductory first meeting to the course, therefore their participation is necessary. As the training takes place in two days, participation in the entire training is required. If it is impossible to participate in both days of training, the student must change to another date of training, which he will be able to complete. The training takes place partly over the weekend and also outside the school or in the training center in Danišovce (it starts on Thursday evening and ends on Saturday with lunch). The costs of accommodation, meals and travel are paid by the student himself. 2nd part of assessment: workshops (20p) - they replace classic lectures, are held 4 times per semester and for each workshop the student can get 5p (a total of 20p for workshops). Part 3 of the assesment - preparation (10p) and implementation (10p) of block activities in pairs - a total of 20b. Students must send the prepared preparation of the block of activities on the chosen topic for the pair or an individual, which is evaluated with a maximum of 10 points, no later than one week before the date of their training. The preparation should include a clear goal, a description of the selected activities and their goals and justification on the topic, a description of the necessary tools, preparation of questions for discussion as well as activities in stock. The preparation will then be consulted by the lecturers and a possible correction will still be possible. The actual implementation of training activities will be evaluated by a maximum of 10 points, while evaluating the adequacy of selected activities with respect to the selected topic, to fulfill the goal of activities, ability to stimulate group discussion, equal distribution of all members in the group block with other members in the group. The minimum that needs to be achieved from the preparation and implementation of activities is at least 11 points. Part 4 of the assessment - knowledge test (20b). The exam will consist of 5-6 questions related to prevention and the social skills needed in prevention. Students will be able to answer these questions based on the study literature and participation in the training. The minimum number of points required for successful completion of the course in this part of the evaluation is 11 points. Part 5 of the assessment - Essay (10p). In addition to the knowledge part, students will write an essay on a topic related to prevention in the range of 2 pages. The essay should have a scientific-logical and narrative character. In the essay, students should use both their knowledge of prevention	

and the experience gained in training. The minimum number of points required to complete the essay is 6 points.

In total, students can get 100p per subject and the final evaluation is as follows:

100 - 94: A
 93 - 87: B
 86-80: C
 79 - 73: D
 72 - 66: E
 65 and less: FX.

Any modifications to the implementation of the course in connection with the current order of the Rector are listed in the electronic board of the course.

Learning outcomes:

To provide students with more detailed information on the psychological aspects of drug prevention through an interesting, engaging explanation of theory and practice. Development of competence for teaching work in the field of school drug prevention programs also thanks to the use of experiential methods in teaching and the possibility of developing professional skills in the work of a teacher and prevention coordinator at school.

Brief outline of the course:

The content of the course is based on current knowledge of psychology, especially health psychology and counseling psychology and psychological research in the field of prevention of risk behavior related to health. Teaching is realized by a combination of lectures with an engaging explanation of lecturers from practice and interactive, experiential methods, discussion and open communication with mutual respect, support of independence, activity and motivation of students. The topics of the workshops provide information on psychological, pedagogical, medical and forensic aspects of the prevention of substance abuse and risky behavior.

The aim of participation in the training part of the course is to gain information about prevention and experience with preventive activities, with its various forms and strategies, specifically information about dissemination of information in prevention, affective education, social impact, normative expectations, peer programs, life skills in prevention (such as rejection abilities, pressure resistance, assertive abilities, coping abilities, etc.).

The aim of students' management of block activities is to gain experience in leading preventive activities in the group as well as to develop the competencies of the lecturer and the ability to implement and evaluate effective work strategies in the field of prevention in school practice.

The final evaluation is a combination of seminar work and active student work in seminars.	
Learning outcomes: The course characterizes the Balkan states after 1944, when the Second World War ended on the major part of the Balkans. With the aim to clarify key moments it describes some crucial after-war moments, pays attention in particular to the establishment of left-wing resistance and its influence on after-war fate of individual countries. The course informs about transition of individual Balkan countries to the living conditions of peace. Emphasis is put on gradual sovietisation of Romania, Bulgaria, Albania and Yugoslavia. The course also defines main political, economic and cultural features of individual Balkan states in after-war period. Attention is paid to the specific development in Greece (civil war) and Yugoslavia (conflict between Tito and Stalin). The course describes circumstances of dissolution of Yugoslavian communist organization and establishment of plurality system in individual republics and crisis moments of development in Croatia, Bosna and Hercegovina, and Kosovo until 1992, i.e. until official date of dissolution of SFRJ. It explains war events connected with the dissolution. It also tries to answer the question what chance peace had in Yugoslavia and in this connection it analyses the role of non-governmental organizations and peace movements. By completing the course, students will be able to evaluate the history of the Balkans in the specific period without historical myths and clichés, which have been built in the specialised literature in last 30 years.	
Brief outline of the course: War and resistance. Importance of resistance movements for further development. End of war in Romania. Assumption of power by Romanian communists. End of war in Bulgaria and transition of Bulgaria to communist totalitarianism. Issue of resistance and after-war development in Albania. Yugoslavia in 1944-1946.	

Liberation of Greece and civil war in 1947-1949.
 Tendencies of development in the Balkan states in 1950-1990.
 Conflict between Tito and Comintern and path of Yugoslavia outside the blocks.
 Development in Yugoslavia until the beginnings of 1980S.
 Path of Bulgaria as a loyal Soviet ally. Zhivkov's regime in Bulgaria. Collapse of Bulgarian socialism.
 Romanian path from Soviet sphere. Nicolae Ceaușescu. Bloody anti-communist revolution.
 Cyprus crisis and relations between Greece and Turkey.
 War conflicts on the territory of Yugoslavia (1991-1995)
 Autonomous areas in 1991-1995 (RSK, HB etc.). Reflection of civil war in popular culture (in literature, film, theatre and music).
