Course ID: Dek. FF **Course name:** Information and Communication Technologies UPJŠ/IKT/06

Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28

Course method: present

Number of ECTS credits: 2

Recommended semester/trimester of the course: 3.

Course level: I.

Prerequisities:

Conditions for course completion:

1. project prepared using a text processor

2. project prepared using a table calculator

3. project prepared in a presentation programme

On the basis of continuous assessment and a final test focused on verification of fundamental information and communication literacy of students. The students who are holders of ECDL Certificate (all 7 modules) will be considered to have completed this course in full extent and will be given mark "A" – Excellent.

Learning outcomes:

To enhance the level and to standardise the information and communication literacy of students to the ECDL standards level.

After completing the course, the student should be able to:

- use the tools of MS Word word processor effectively in order to create and edit the texts, to edit the texts to the final form according to the formal requirements for text documents,

- master the principles of working with MS Excel spreadsheet, to use effectively the formulas and functions for calculations, and to present the data from tables using a graph,

- use the tools of MS PowerPoint presentation software, to create and edit a presentation.

Brief outline of the course:

modul 1 - hardware, software, Operating System

modul 2 - processing of a text by means of text processor

modul 3 - processing and evaluation of information by table calculator

modul 4 - creation of electronic presentations

modul 5 - information and communication on the Internet

Learning outcomes:

Sports activities in all their forms prepare university students for their professional and personal life. They have a great impact on physical fitness and performance. Specialization in sports activities enables students to strengthen their relationship towards the selected sport in which they also improve.

Brief outline of the course:

Brief outline of the course:

Within the optional subject, the Institute of Physical Education and Sports of Pavol Jozef Šafárik University provides for students the following sports activities: aerobics, aikido, basketball, badminton, body form, bouldering, floorball, yoga, power yoga, pilates, swimming, body-building, indoor football, S-M systems, step aerobics, table tennis, tennis, volleyball and chess.

In the first two semesters of the first level of education students will master basic characteristics and particularities of individual sports, motor skills, game activities, they will improve level of their physical condition, coordination abilities, physical performance, and motor performance fitness. Last but not least, the important role of sports activities is to eliminate swimming illiteracy and by means of a special program of medical physical education to influence and mitigate unfitness. In addition to these sports, the Institute offers for those who are interested winter and summer physical education trainings with an attractive program and organises various competitions, either at the premises of the faculty or University or competitions with national or international participation.
