COURSE INFORMATION LETTER

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ USCUj/15	Course name: Contemporary USA
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TWO CREDIT TESTS 70%; CONTINUOUS PREPARATION 10%, and ATTENDANCE AND ACTIVE PARTICIPATION 20%. To receive credits for this course, students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. Attendance is followed during the online sessions too. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests plus points for continuous preparation and active participation. The final mark is assigned according to the following scale: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an ORAL EXAM to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The reports must be submitted in Printable Document Format (PDF).

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation will be assigned only when the student actively contributes to the learning process during the sessions by joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be assigned the points for active participation as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will be duly followed on online meetings too. Tests – if required for the completion of course – are

<p>also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!</p>

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/FLTM/19	Course name: Foreign Language Teaching Methods for the 21st Century
Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 1 / 1 Per study period: 14 / 14 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 2.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TWO CREDIT TESTS 70%; CONTINUOUS PREPARATION 10%, and ATTENDANCE AND ACTIVE PARTICIPATION 20%. To receive credits for this course, students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. Attendance is followed during the online sessions too. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests plus points for continuous preparation and active participation. The final mark is assigned according to the following scale: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an ORAL EXAM to collect information about their level of preparedness. Oral exams will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral examination will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The reports must be submitted in Printable Document Format (PDF).

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation will be assigned only when the student actively contributes to the learning process during the sessions by joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be assigned the points for active participation as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will be duly followed on online meetings too. Tests – if required for the completion of course – are

also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!

CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The reports must be submitted in Printable Document Format (PDF).

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation will be assigned only when the student actively contributes to the learning process during the sessions by joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be assigned the points for active participation as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

COVID-19 regulations:

Changing pandemic situation requires continuous adaptation. Online sessions organized via Microsoft Teams are the preferred alternative to in-person sessions if necessary. Attendance will be duly followed on online meetings too. Tests – if required for the completion of course – are

also planned flexibly. Normally, the first credit test takes place during the 6th week of the term with a second credit test on the 12th week, but changes may apply. If necessary, these test dates can be changed according to the pandemic situation or replaced by online tests the form and content of which are comparable with a normal paper-based test. Students are required to follow the department's noticeboard and inform themselves continuously about the possible changes!

Conditions for course completion: Due to the precautions taken as a result of the Covid-19 pandemic, the course will run online via the MS Teams platform. Online classes will occur according to the schedule and our plan; the only difference will be the online environment. Attendance: Students are expected to attend each class according to the schedule. Should students miss three or more classes, they will not receive credits for the course no matter what their overall results are. Each technical problem, such as failed internet connection or other technical issues, must be announced to the lecturer in advance. Continuous assessment: Students are expected and politely required to actively participate in each lesson (active participation = participation in discussions based on having read the required texts and watched the required films). Each student must prepare notes from reading and/or film assignments on a weekly basis and an essay (analysis) on a topic chosen by the lecturer. Should students fail to provide either of the two compulsory parts, they will not receive credits. Final assessment: The final grade will be calculated as a sum of the score for assignment(s) - weekly assignments (50%), essay (50%). (No assignment, plagiarism, and other unacceptable practices will be awarded 0 points.) FINAL EVALUATION: A 93-100% B 86-92% C 78-85% D 72-77% E 65-71% FX 64 and less	
Learning outcomes: The course is designed to instruct students in the art of cinematic discourse and provide them with a set of information to help them develop and/or improve essential analytical skills in interpreting contemporary American cinema. It also invites students to participate more judiciously in the	

analysis of American cinema with the intention to enable them to question their role as passive spectators and increase their ability to watch films actively and critically.

Course content:

This course will examine significant issues in film theory and contemporary approaches to understanding the film. Since the 1970s, scholars have developed a variety of critical methods for studying media texts. This course focuses on the most viable ones to provide students with the tools necessary to interpret films as socio-cultural and ideological productions.

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/ CERTb/15	Course name: Language Competences for Language Certificates
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: combined, present	
Number of ECTS credits: 2	
Recommended semester/trimester of the course: 3.	
Course level: I., II., N	
Prerequisites:	
Conditions for course completion: Student evaluation is based on three criteria: TWO CREDIT TESTS 70%; CONTINUOUS PREPARATION 10%, and ATTENDANCE AND ACTIVE PARTICIPATION 20%. To receive credits for this course students must pass the two credit tests; continuously and timely submit their reports and attend each class according to the schedule. Attendance is followed during the online sessions too. TESTS constitute 70% of the final mark: Ordinarily, student coursework is evaluated by letter grades, which are assigned a value based on a 100-point scale gained from two credit tests plus points for continuous preparation and active participation. The final mark is assigned according to the following scale: A 100-93 B 92-86 C 85-78 D 77-72 E 71-65 FX 64-0 Students who are unable to take a credit test at the scheduled time due to a documented condition should contact the lecturer as soon as the need is apparent to discuss make-up examination accommodations and procedures. Students absent from a scheduled credit test will be examined by the lecturer separately in an ORAL TESTING to collect information about their level of preparedness. Oral testing will be realized during the lecturer's consultation hours as soon as possible after the missed credit test. The content of the oral testing will be equivalent with the content of the missed credit test but may last longer than a written test and can include deeper analysis of certain problem areas of the course. CONTINUOUS PREPARATION constitutes 10% of the final mark (maximum 10 points): Students are expected to prepare reports for each class by reading and processing the study materials and the required literature. Formal requirements for the home assignments: Minimum 2 but maximum 3 pages in Microsoft Word editor: letter type Times New Roman; letter size 12, spacing 1.5, 34 lines with 2865 characters per page with spaces. The report's header must contain the student's name and surname, study group, number of the given week according to the	

syllabus of the course and the title of the topic for the week. The final document must be saved in Printable Document Format (PDF). Ignoring any of these criteria will automatically lead to the refusal of the submitted report.

Content requirements for the assignment:

Students must present the content of the reading assignment synthesized in a clear and structured way: highlighting key information and data as well as presenting logical connections between them. The submitted report must represent the student's thorough understanding of the content and the problem area discussed in the reading assignment.

WARNING: Reports must be original work of the author! Any violation of copyright or breach of anti-plagiarism rules and regulations of the university will inevitably lead to disciplinary procedures! Repeated and systematic plagiarism will lead to the loss of credits assigned for completion the course!

Deadline and the format of the report:

Students must mail their home assignments to the following email address: rozenfeld.julius2@atk.sk by Saturday 24:00 each week. The reports must be mailed in PDF format. No other formats are accepted! No late submissions will be accepted unless separately negotiated with the supervisor of the course!

ATTENDANCE AND ACTIVE PARTICIPATION constitute 20% (maximum 20 points) of the final mark:

All students must attend all classes regardless they are organized face-to-face or online. Students must join the class sessions on time. Should anyone miss the first ten minutes of a class, will be marked as absent from the class. Points for active participation are assigned **ONLY** to the students who actively contribute to the learning process during the sessions with joining discussions!

Volunteer work in extracurricular activities that are organized by the Department of the British and American Studies which clearly contribute to the students' professional development such as: lectures and workshops, career week activities, organization of open-door days, language competitions, conferences, Olympiads, and other similar activities are fully supported! Should these activities be organized during the regular session times, volunteers will be acknowledged as if they had participated in the regular class session.

ABSENCE DUE TO ILLNESS

A student absent from a class must file a valid doctor's certificate by emailing it in a PDF format to the lecturer as soon as possible. Due reports for the missed class must be submitted according to the syllabus of the course and no later than the following class attended by the student.

In an emergency, if the student is unable to contact the lecturer and mail the valid doctor's certificate or is being treated elsewhere, the lecturer must be informed by sending an email to the following email address: julius.rozenfeld@upjs.sk as soon as possible. In both cases, the student must also file a letter from a physician certifying the date and nature of the illness.

ABSENCE FOR OTHER REASONS

Students who must be absent for reasons other than illness, such as a death in the family or a reason of similar gravity, must contact the lecturer as soon as possible and submit relevant documents that certify the seriousness of the case.

There may be other activities which can validate missing a class or several classes, for example participation in high-quality international competitions, scientific research, conferences, or other relevant activities, which clearly contribute to the professional development of the student but final decision about the validity of the presented excuse fully falls in the lecturer's competency. Regular full-time or part-time employment is not an acceptable excuse for a missed class.

Learning outcomes:

The course is focused on the development of language skills and other competencies that are necessary for successful completion of the Test of English as a Foreign Language known by the

acronym TOEFL and obtaining the international language certificate TOEFL iBT (i.e. Internet-Based Test). Students develop the ability to listen with comprehension, speaking, reading and writing through practical exercises and understand the principles of using correct grammar through a variety of topics that may appear in this test. The course also provides a detailed explanation of the processes and recommendations for passing the TOEFL iBT test. By completing the course, students will be able to successfully complete the TOEFL iBT, or equivalent language test.

Prerequisites:	
Conditions for course completion: Attendance and Participation: You may miss one class without penalty. If you miss two or more, you will fail the course. If you are repeatedly late, you will not be allowed to complete the course. You are expected to contribute to the class discussion and to provide insightful comments on the readings and on your classmates' work. I will lower your grade by one letter if you are consistently silent, disengaged, or unprepared. Drafts, Deadlines, and Late Work: Throughout the course, I will encourage you to write multiple drafts of each paper. Writing multiple drafts will improve your writing and take some of the stress out of the final deadline. Ideally, you will have a well developed rough draft well before the deadline, so you should always be able to get something in. Your work will be read and critiqued by your fellow classmates, so please make your drafts as complete as possible and come prepared for a lively discussion. Late work will not be accepted. If any draft or paper is late, you will fail the entire course. Continuous Assessment: You will write two short papers, three pages each, and one long paper of at least eight pages. A page means approximately 330 words. Assignment descriptions are posted on SharePoint. The final paper may be a revision of one of the short papers. For each paper, I will break down your overall grade into four categories: Concept, Structure, Language, and Documentation. On your final paper, if you receive an FX in any one of these four categories, you will fail the course. Any paper not properly documented will receive an FX overall. It breaks down like this: Paper 1 25% A 93-100% Paper 2 25% B 86-92% Paper 3 50% C 78-85% D 72-77% E 65-71%	
Learning outcomes: To teach grammatical and rhetorical forms, improve students' research and analytical skills, and clarify the conventions of academic discourse with special emphasis on developing a thesis which is complex enough to sustain a graduate level paper.

Attendance and Participation:

You may miss one class without penalty. If you miss two or more, you will fail the course. This is a workshop class which depends upon you giving timely, useful feedback to your fellow students. If you come to class unprepared or skate through peer reviews with banal and obvious comments, I will lower your grade by one letter.

Drafts, Deadlines, and Late Work:

Your work will be read and critiqued by your classmates, so please make your drafts as complete as possible and come prepared for a lively discussion. Late work will not be accepted. If any assignment, draft, or paper is late, you will fail the course. If you cannot attend a class when an assignment is due, you must email the assignment before the deadline.

University: P. J. Šafárik University in Košice

Course ID: KAaA/ SFS/18	Course name: Skills for Success
Course type, scope and the method: Course type: Practice Recommended course-load (hours): Per week: 2 Per study period: 28 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 4.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Conditions for completing the course: a) regular attendance of online/classroom sessions and active participation (max. permitted absence: 1x180 min) - 40 % b) group presentation of the topic chosen from the course syllabus during the last online session and feedback to team members - 60 %	
Learning outcomes: The course focuses on soft and hard skills necessary to become successful on the labour market within the shared corporate services centres and its objective is to provide students with a set of effective communication tools. The companies associated within the Business Service Center Forum (BSCF) of the American Chamber of Commerce in Slovakia employ more than 31,000 full-time employees and have identified soft communication skills on one hand as the most important skills but on the other hand as at least developed competences of graduates entering the labour market. The aim of the course is to contribute to enhancement of soft and hard skills which are necessary for working not only in the shared services centres, but also widely applicable on the labour market. After completing the course, students will be able to communicate more assertively, solve conflicts arising on the workplace, receive and give feedback effectively, but they will also know the basis of working in accounting systems or in programming languages.	
Brief outline of the course: Module A – Time Management The module will last for 180 minutes and the language of instruction will be English. --- Module B – Microsoft Excel – The aim of the module is to present users the functions of Microsoft Excel mostly used in the business environment of shared services centre. By the end of the module, students will know (inter alia) how to: <ul style="list-style-type: none"> • import data among individual databases; • format and edit sheets; • use basic formulae and operate data analyses; • create graphs The module will last for 180 minutes and the language of instruction will be Slovak/English.	

Module C – Personal Brand - Business set-up

The module will last for 180 minutes and the language of instruction will be English.

Module D – Verbal & Non-verbal Communication – the module will be divided into two blocks of topics.

Block A (productive conversation) – people think that simple talking means good conversation. Why do misunderstandings occur? But communication is not only about talking. Productive conversation requires much more than ability to talk. In this block, students will get answers to questions such as “how to assure the other person that we are listening properly, what to do and why to do that?”; “in what situation and how to ask a right question to get the answer to our question?” or “how to be authentic and make an impression of being a competent and responsible employee?”. This block also includes role play for techniques and scenarios of productive conversation as well as finding the balance between Defence and Request.

Block B (assertive communication) – assertive communication will be presented to students as a tool for expressing their own feelings and thoughts without being aggressive or using passive behaviour. In this block, the lecturer will also focus on the following issues:

- How assertive are you? To know oneself is the best starting point (role play).
- Assertive rules and Transactional Analysis according to Eric Berne.
- Aggressive – assertive – passive types of behaviour. Also passive – aggressive. How to identify them and how to react properly?
- Effective strategies for dealing with others, taking into account assertiveness and cooperation level. When it is appropriate to use “destruction strategy”? Is compromise the golden mean?
- Good assertive techniques.

The module will last for 180 minutes and the language of instruction will be English.

Module F – Conflict Management – The aim of the module is to introduce the conflict situations as moments we often find hard to avoid in the workplace, which is why it is important to know how to efficiently manage and communicate them to find the solution. The trainer will teach students the strategies and techniques of how to manage conflicts. Knowing when and how to apply them will help the course students manage conflict situations efficiently. By the end of the module, the students will learn how to:

- discuss the nature of the conflict, the fact that it can be constructive or destructive, that learning to overcome the barriers when managing conflict can help them build their career;
- distinguish 5 most frequent styles of solving conflicts and improve their conflict-solving skills by learning which one to employ or which one to avoid;
- discuss how conflict-solving can improve their relationships, enhance their cooperation skills and increase their professional efficiency;
- discuss how their attitude influences the perception of conflict situation and how it helps to solve conflict constructively.

The module will last for 180 minutes and the language of instruction will be English.

Module G – Feedback – We constantly hear about feedback and everyone knows how important feedback is and everyone wants to know whether his/her performance and success are appreciated. However, the lecturer will outline what is the difference between “feedback” and “effective feedback”. The aim of this module is to explain how to give/get effective feedback that leads to higher performance and better behaviour on the workplace. Within the feedback module, the following topics will be presented to students:

<ul style="list-style-type: none"> • What is feedback? What possibilities (types, variants) do we have? Steps in the process of giving/receiving feedback. • Difference between criticism and feedback, its parameters. • In which situations we give feedback? • What will we achieve by feedback (what we want to achieve, solve, ...)? • Rules for effective and supporting feedback – verbal and non-verbal stimuli, exercises, key aspects of effective feedback, push & pull forms of feedback. <p>The feedback module will also include a final group presentation which is included in overall assessment of each student. The presentation will take place in front of audience consisting of the course lecturers and students and team members will give feedback to their team colleagues. The module will last for 180 minutes and the language of instruction will be English.</p> <p>FINAL PRESENTATIONS</p>

University: P. J. Šafárik University in Košice	
Faculty: Faculty of Arts	
Course ID: KAaA/S/15	Course name: The Logical and Formal Coherence of Linguistic Expressions
Course type, scope and the method: Course type: Lecture / Practice Recommended course-load (hours): Per week: 1 / 1 Per study period: 14 / 14 Course method: present	
Number of ECTS credits: 3	
Recommended semester/trimester of the course: 1.	
Course level: I., II.	
Prerequisites:	
Conditions for course completion: continuous assessment: activity in seminars 25%; written test 75% Grading scale: A 100-94 %, B 93-89 %, C 88-83 %, D 82-77 %, E 76-70 %, FX 69 % and less	
Learning outcomes: Students can apply rules of construction of conventional sequence schemes to distinguish and create speeches. They can also group/re-group semantic packages to achieve integration of further utterances in order to establish the required interaction, they understand narration, description, argumentation, explication, illustration,... as psycho-cognitive schemes (socio-discourse macro-actions, types of texts) which are the most common forms of verbal action. They have mastered the procedures to overcome three types of difficulties the interpreters and translators encounter the most in transactions ensuring logical and formal coherence: the difficulty to select corresponding linguistic devices (expressions); the difficulty to harmonise the conceptual and linguistic aspects; the difficulty to find balance between their own perception and its linguistic expression and recipient's needs.	
Brief outline of the course: Seminar is focused on typology of errors in underlying processes in translation and interpretation: a) anaphoric expressions without a clearly identifiable reference element; b) synonyms, hyperonyms and hyponyms are not lexical elements of anaphoric relation; c) anaphora does not substitute a main term, but it refers to another term associated with mental image; d) high redundancy; e) replacement of contextual reference by deictic one; f) reference ambiguity resulting from co-reference or parallel function. Seminar also deals with essentials of semantic analysis and combinatorics, theme and rheme as pragmatic functions and implicit meaning. It involves discourse competence, function competence, and competence of text structure as well as receptive strategies and production strategies.

Recommended semester/trimester of the course: 2.	
Course level: II.	
Prerequisites:	
Conditions for course completion: Two credit tests are intended for weeks 7 and 13. The date of the test may change, and the students will be notified about the change sufficiently in advance. The tests will verify students' knowledge of materials covered during seminars and assigned for home preparation. In order to pass the subject, the sum of the scores from the two tests must be at least 65%. A student cannot pass or fail a single test, what matters is the final score after they have taken both. There will not be any re-take tests. Regular seminar attendance is expected; more than two absences will adversely affect getting credit and final grade, no matter what student's overall test results are. Students are required to do their best with respect to active participation in seminar sessions. They are expected to bring their own copies of the required materials and complete the assigned tasks and exercises. Should they fail to bring their own copy or a completed home assignment for a particular seminar, they will be marked as absent. The grading standards establish the following criteria for evaluation: 100%-92% A 91%-87% B 86%-82% C 81%-77% D 76%-65% E 64% and less FX
