## COURSE INFORMATION LETTER

<b>University:</b> P. J. Šafárik University in Košice	
<b>Faculty:</b> Faculty of Medicine	
<b>Course ID:</b> CJP/ LFAJBDZ/26	<b>Course name:</b> Anglický jazyk pre bioanalytickú diagnostiku v zdravotníctve
<b>Course type, scope and the method:</b> <b>Course type:</b> Practice <b>Recommended course-load (hours):</b> <b>Per week: 2 Per study period: 28</b> <b>Course method:</b> present	
<b>Number of ECTS credits:</b> 2	
<b>Recommended semester/trimester of the course:</b> 4.	
<b>Course level:</b> II.	
<b>Prerequisites:</b>	
<b>Conditions for course completion:</b> Class attendance and participation (a maximum of 2x90 min. absences is tolerated), 2 continuous assessment tests, oral presentation (pass/fail), reading and writing assignments. Students must obtain at least 60% in continuous assessment to be eligible for the final exam registration. Final Exam - written test. Final grade composition = continuous assessment results - 50% , exam test result - 50%. Grading scale: A 93-100 % , B 85-92 % , C 77-84 % , D 69-76 % , E 60-68 % , FX 59% and less.	
<b>Learning outcomes:</b> The course focuses on the development of students' language skills - reading, writing, listening, and speaking - as well as the improvement of their overall linguistic competence. Students acquire knowledge of selected phonological, lexical, and syntactic features, while also developing their pragmatic competence, enabling them to use the language effectively for specific communicative purposes. Particular emphasis is placed on English for specific/professional purposes, with a focus on Bioanalytical Diagnostics in Medicine, at the B2 level.	
<b>Brief outline of the course:</b> The Human Body: cells, tissues, organs, systems, and body fluids Laboratory Work: equipment and tools; laboratory techniques and methods; laboratory safety Laboratory Communication: terminology, numbers and units, and laboratory reports Describing Processes and Procedures Analysing Scientific Papers: structure, linguistic features, and stylistic conventions Writing a Scientific Paper: practice in writing selected sections of a research paper Writing a Project Proposal: terminology, linguistic features, and stylistic conventions Presenting Scientific Content: presentation structure, language use, and delivery skills Academic English: selected grammatical, syntactic, and stylistic features of professional and academic communication.	
<b>Recommended literature:</b> Dastych, M., Červený, L., Najman, I. (2007). English for Laboratory Technicians. Brno: Masarykova univerzita. 2. Glendinning, E. H., Howard, R. (2007). Professional English in Use: Medicine. Cambridge: Cambridge University Press. 3. Kolaříková, Z., Petruňová, H., Timková,	

R. (2021). Angličtina v akademickom prostredí – cvičebnica. Košice: ŠafárikPress. 4. Bailey, S. (2018). Academic Writing: A Handbook for International Students. London: Routledge. 5. Wallwork, A. ## COURSE INFORMATION LETTER

<b>University:</b> P. J. Šafárik University in Košice	
<b>Faculty:</b> Faculty of Medicine	
<b>Course ID:</b> ÚTVŠ/ ŠALF 1/22	<b>Course name:</b> Sport 1
<b>Course type, scope and the method:</b> <b>Course type:</b> Practice <b>Recommended course-load (hours):</b> <b>Per week: 2 Per study period: 28</b> <b>Course method:</b> present	
<b>Number of ECTS credits:</b> 1	
<b>Recommended semester/trimester of the course:</b> 1., 3.	
<b>Course level:</b> I.II., II.	
<b>Prerequisites:</b>	
<b>Conditions for course completion:</b> Condition for successful course completion: - active participation in line with the study rule of procedure and course guidelines - students must meet the requirements to 80%	
<b>Learning outcomes:</b> Sports activities in all their forms prepare university students for their further professional and personal life. A personal experience allows them to understand the importance of physical activity for life. Sports actively influence physical fitness and performance, help to maintain mental health, and improve the health of those engaged in sport. The skills and abilities acquired and improved during exercise, strengthen students' relationships toward physical activities and provide an opportunity to affect their near and the wider environment in a selected sport activity. Content standard: The student demonstrates relevant knowledge and skills in the field, which content is defined in the course syllabus and recommended literature. Performance standard: Upon completion of the course students meet the performance standard and: - acquire movement skills in a particular sport, basic skills and complex skills in sport games and swimming competency - increase the level of speed, endurance, power and agility, overall fitness and performance - can apply the exercises in practice, - can apply a specific health-oriented programme to target health problems - can apply acquired knowledge and skills in the sport development process and leisure time	
<b>Brief outline of the course:</b> Brief outline of the course: The Institute of physical education and sport at the Pavol Jozef Šafárik University offers 20 sports activities aerobics; aikido, basketball, badminton, body-balance, body form, bouldering, floorball, yoga, power yoga, pilates, swimming, fitness, indoor football, SM system, step aerobics, table tennis, chess, volleyball, tabata, cycling. Additionally, the Institute of physical education and sport at the Pavol Jozef Šafárik University offers winter courses (ski course, survival) and summer courses (aerobics by the sea, rafting on	

the Tisza River) with an attractive programme, sports competitions with national and international participation.
